All boxes with 1 number DO NOT have a non-vertical warranty.

Only graphics manufacturers having a current Certificate of 3M™ MCS™ Warranty are eligible to extend this Warranty to their customers.

To find the best combination of protection and film for your graphic application including conformability, gloss, adhesion to substrate and other attributes, please review product and instruction bulletins.

This ink has limited stretch performance and is not recommended to use with applications that require high elongation (i.e. deep contours and full vehicle wraps).

* For Interior Surface & Sign applications only

Notes

- For additional warranty information, follow the link to [3M Graphics Warranty Bulletin](#)

- All statements based on the recommended types of graphics and end uses of the product. See the product bulletin for limitations of end use.
- Graphics used on the exterior of any type of vehicle or subjected to abrasion or chemical require a 3M Graphic Protection (overlaminated or clear).
- Note the specific requirements for applications on watercrafts given in Instruction Bulletin 5.42.

Definitions:

Transportation: Application to any kind of vehicle that is in regular use (no static exposure of graphic)

Exterior: Application with a static geographic direction without exposure to any adjacent reflecting surface.

Interior: Application inside a building without direct exposure to the elements.

Watercraft: Application to any type of water vehicle above the static water line.

Warranty and Limited Liability.

The following is made in lieu of all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose. All 3M products are warranted to be free of defects in materials and manufacture at the time of shipment and to meet the specifications stated in the film or media's Product Bulletin. All questions of warranty and liability relating to this product are governed by the terms and conditions of the sale, subject, where applicable, to the prevailing law.

DISCLAIMER: With the exception of 3M branded products, 3M does not represent that any printer or printer accessory recommended in 3M literature will meet customer requirements, any federal, state or local regulations, or any applicable safety standards. Such determination is the responsibility of the printer owner.

3M, Controltac, Comply, Envision, MCS, Panagraphics, Scotchcal, Scotchlite and Scotchgard are trademarks of 3M Company. All other trademarks are the property of their respective owners. The use of trademark signs and brand names in this bulletin is based upon US standards. These standards may vary from country to country outside the USA.

Types of exposure:

Vertical: The face of the graphic is $\pm 15^\circ$ from vertical. Unless otherwise noted this type of exposure is the base for the mentioned warranty periods.

Non-vertical: The face of the graphic is greater than 15° from vertical to horizontal.
