3M™ Clarity™ Aligners

Control. Flexibility. Choice.

Three important reasons to add Clarity Aligners to your existing treatment options.

Control. Access the HIPAA-compliant 3M™ Oral Care portal at any time and from anywhere to easily refine and update treatment plans.

Flexibility. Oral Care portal is an open platform allowing you the flexibility to use the intraoral scanner of your choice.

Choice. Choose from a variety of esthetic treatment options from 3M to ensure optimal care for your patient.

That's the 3M difference. [3M.com/ClarityAligners](https://www.3m.com/ClarityAligners)

Grow your practice, your way.

3M is invested in orthodontic practitioners' success through a shared commitment to quality—in products, services and experience. Through our customer-first service and forward-thinking esthetic solutions, we help you to engage patients and provide effective treatments that deliver successful outcomes for the patient and the orthodontic practice.

“Probably the most important piece [of the treatment] is the software tools that allow us, as orthodontists, to plan the treatment in predictable, realistic ways that move the teeth into a healthy position.”

– Dr. Nick Salome, D.D.S., M.S.
Austin Orthodontic Arts,
Austin, Texas

“I have a lot of confidence in this system. ... I think that it will transform orthodontics.”

– Dr. Neil Warshawsky, D.D.S., M.S.
Get It Straight Orthodontics,
Chicago, Illinois

“Suddenly you’ve got an entire array of choices for every patient walking through your door, from a company that has always supported orthodontists and is all about trying to help your practice grow.”

– Dr. Adam Schulhof, D.M.D.
The Schulhof Center for
Cosmetic Orthodontics,
New York, New York
