Maintain the high standards of your school's facilities with 3M™ Professional Cleaning Solutions.

1 3M™ Easy Trap Duster – Sweep & Dust Sheets

Traps up to 8X more dirt, dust and sand than conventional flat-fringed cotton dust mops or a competitive sweeping dust cloth brand. Double-sided sheets provide more space for all dry soil types to be captured in order to reduce abrasion on the floors. Can be used with your existing flat mop or high duster. The proprietary fibres pick up even when wet.

2 3M™ Easy Scrub Flat Mop System

Excellent for daytime cleaning activities and ease of manoeuvring around desks and tables. Help cut chemical waste by 80% versus mop and bucket, with the operator-controlled dispensing mechanism.*

* Based on a study conducted by 3M.

3 3M™ Stone Floor Protection System

Provides lasting stain protection and shine with less maintenance than traditional finishes. This commercial stone floor protection system works well on many substrates including polished concrete, terrazzo, and other stone surfaces.

4 Scotch-Brite™ Clean & Shine Pad

2-in-1 daily cleaning pad for low-speed scrubbers that gradually increases shine with repeated use.

5 Scotch-Brite™ Easy Erasing Hand Pad 4004 and Doodlebug™ Pad 4610

Ideal for removing stains, marks, ink and more. Just use water — no chemicals or sprays needed.

6 3M™ Glass Cleaner & Protector

Reduces resoiling of glass and mirrors by leaving an invisible layer of Scotchgard™ Protector.

7 Scotch-Brite™ High Performance Microfibre Cloths

Ideal for cleaning stainless steel, chrome, wood and enamel, Scotch-Brite™ High Performance Microfibre Cloths are reusable and perfect for delicate microfibre surfaces such as glass and plastic.

8 3M™ Stainless Steel Cleaner & Protector

3M™ Stainless Steel Cleaner & Protector with Scotchgard™ Protector leaves an invisible layer of protection on stainless steel surfaces, making them easier to clean. This water-based, oil-free formula allows for quick-drying, streak-free spot cleaning, which helps reduce labour and lower product consumption.

9 3M™ Safety-Walk™ Slip-Resistant General Purpose Tread

Offers a low-profile design and helps reduce trip hazards. This mineral-coated, slip-resistant material is adhered by a durable resin to a pressure-sensitive, adhesive-backed plastic film.

10 Scotch-Brite™ Quick Clean Griddle Cleaning System

This system allows you to clean your commercial flat-top griddle in minutes. Simply squirt, scour and squeegee. The griddle liquid loosens and lifts grease and food soil upon contact on a hot griddle for easy removal. It is Green Seal™ Certified** and safe for use on food contact surfaces.

** Scotch-Brite™ Quick Clean Griddle Liquid meets Green Seal™ Standard GS-53 based on effective performance, minimized recycled packaging and protective limits on VOCs and human and environmental toxicity. GreenSeal.org

11 Scotch-Brite™ Power Pad 2000

Scours 2–4 times faster than conventional commercial scouring pads, and is 6–10 times less abrasive than other medium/heavy-duty commercial scouring products to reduce scratching.*

* Based on a study conducted by 3M.

12 Scotch-Brite™ Surface Preparation Pads

Heavy-duty scrubbing for removal of 1-2 layers of finish prior to re-coating. No chemicals necessary; can be used with water-only or neutral cleaner.†

† 3M has a full line of floor pads to meet the needs of your facility.

13 Scotch-Brite™ Stainless Steel Hood Degreaser Wipes with Scotchgard™ Protector

A fast, easy, convenient way to wipe away grease on stainless steel hoods, while leaving behind a protective Scotchgard™ layer as you clean — making it easier to wipe off grease the next time.
