

## 3M INDIA LIMITED

### Environment Policy

3M has long recognized the **necessity** for **responsible environmental management** and **conservation of resources**. 3M has also recognized the global nature of environmental matters and the importance of constructive cooperation in achieving international environmental conservation. 3M will continue to **demonstrate leadership** through our **commitment** to **environmental management** and the principles of **sustainable development**.

We will continue to recognize and exercise our responsibility to:

- Solve our own **environmental and conservation problems**.
- **Develop products** that support a **sustainable environment**.
- **Prevent pollution** at the **source** wherever and whenever possible.
- **Conserve natural resources** through the use of optimized manufacturing operations, reclamation and other appropriate methods.
- Assure that our facilities and products are in **compliance** with applicable **national, regional and local environmental requirements**, and in conformance with other applicable **environmental obligations**.
- **Assist**, whenever possible, governmental agencies and other official organizations engaged in **environmental activities**.
- Foster **continual improvement** through **company and employee initiatives**.
