

3M D-A-CH Region – Companies and Sites

3M Deutschland GmbH

- Headquarter – Neuss
- Manufacturing sites – Hilden, Kamen
- European Distribution Center – Jüchen
- 3M Oral Care Solutions Division – Seefeld, Landsberg/Lech
- 3M Separation and Purification Sciences Division – Wuppertal
- 3M Health Information Systems (HIS) – Berlin

3M Deutschland GmbH – Companies

- 3M Medica – Neuss
- 3M Technical Ceramics – Kempten

3M Deutschland GmbH – Subsidiaries

- 3M Services GmbH – Neuss with QNG Subsidiary – Hannover
- Dyneon GmbH – Burgkirchen
- TOP-Service for Lingualtechnik GmbH – Bad Essen
- Wendt GmbH – Meerbusch, Niederstetten, Jena, Hameln
- Fondermann GmbH – Ladenburg

3M Österreich GmbH

- Headquarter – Wien
- Manufacturing Site 3M Precision Grinding GmbH – Villach

3M (Schweiz) GmbH

- Headquarter – Rüslikon
- Technical & IT Center – Rotkreuz
- 3M Health Information Systems (HIS) – Kreuzlingen

3M Worldwide

Headquarter St. Paul/Minnesota, USA
Founded in 1902
Sales in 2017 \$31.7 billion, 61% of which outside the USA

Employees more than 90,000
Subsidiaries in 70 countries
Manufacturing sites in 37 countries
Laboratories in 36 countries
Expenditure on research and development in 2017 \$1.9 billion
Technology platforms 46
Shareholders 78,598

3M D-A-CH Region

Headquarter Neuss
Sales 2.89 billion US \$
Employees 7,340

Germany

Headquarter Neuss
Sales 2.25 billion € / 2.56 billion US \$
Employees 6,732

Austria

Headquarter Wien
Sales 154.2 Mio. € / 174.9 Mio. US \$
Employees 438

Switzerland

Headquarter Rüslikon
Sales 154.7 Mio. CHF / 157.6 Mio. US \$
Employees 170

Facts and Figures at a glance

3M Business Areas

Health Care

- Dental and orthodontic products
- Sanitary products, medical articles and orthopedic products
- Medical products for hospitals and healthcare practitioners
- Skin protection and wound management
- Infection prevention products
- Stethoscopes (3M™ Littmann®)
- Eye patches for children for occlusion therapy
- Filtration products for the biotechnology and pharmaceutical industries
- Food safety solutions
- Health care software solutions
- Drug delivery systems

Manufacturing & Industry

- Surface protector products for glass and ceramics
- Adhesive and bonding technology
- Additives for coatings and paints
- Products for diaper manufacturers
- Glass bubbles as fillers for rubber and plastics
- Technical ceramics
- Products for semiconductor manufacturing
- Labeling systems and performance label materials
- Products for the paper and printing industries
- Products for the food and beverage industry
- Abrasives
- Work safety products
- Linings made from fluoropolymers for the chemical industry
- Membrane separation for liquid filtration and gas transfer

Safety & Security

- Occupational health and personal safety products
- Worker safety products
- Products for food safety and water quality monitoring
- Reflective traffic safety products
- Building safety solutions
- Privacy filters

Automotive

- Car interior solutions
- Car and paint protection films
- Chassis and wheel products (e.g. wheel weight system)
- Body construction products
- Abrasive systems
- Consumer car care products
- Work safety products
- Vehicle repair and paint products
- Adhesive tapes, adhesives and labeling systems

- Sound-absorbing non-woven materials
- Catalytic converter mat mounts
- Filling materials for plastics for weight reduction (3M™ Glass Bubbles)
- Sealing materials based on fluoropolymers

Electronics

- Automotive Electronics
- Battery materials e.g. for eVehicles
- Electronic and semiconductor components
- Electronic products for the medical technology industry
- Electronic products for industry and manufacturing
- Data center solutions
- Display Materials and Systems

Energy

- Electrical installation products
- Energy supply solutions
- Sun control films
- Films and materials for the solar and wind energy markets
- High-performance transmission conductors
- Battery and fuel cell solutions
- Electrical components, connectors and detectors for the oil and gas industry
- Products for locating and marking underground assets

Commercial Solutions

- Facility cleaning and maintenance
- Food and beverage industry
- Surface treatments (windows, walls, floors)
- Cleaning products
- Building maintenance and repair
- Building safety and security
- Commercial graphics
- Packaging solutions
- Workplace safety
- Fire protection products
- Vandalism protection
- Entrance matting

Transportation

- Marine solutions
- Fire protection and attachment solutions, void-filling and edge-sealing compounds for use in aircraft applications
- Products for the safety and visibility of military vehicles, police cars, fire engines, ambulances and emergency vehicles
- Traffic safety products
- Warning and contour markings for vehicles
- Vehicle graphics
- Electronic products for the aviation industry
- Industrial tapes and adhesives

- Rolling stock solutions
- Sealings made from perfluoroelastomers for demanding aviation and aerospace applications

Data and Communications Networks

- Fiber optics components and distributors
- Information and communication technologies
- High-bandwidth solutions
- Broadband access and network solutions
- Fiber optics connectors
- Structured building cabling
- Data center solutions
- Corporate network solutions

Design & Construction

- Interior decoration solutions
- Lightweight fillers for sealants, compounds and paints (3M™ Glass Bubbles)
- Window and decoration films
- Construction site products, e.g. personal safety equipment
- Electrical products
- HAF air filters
- Fire protection with Novec™ Engineered Fluid
- Tapes, adhesives and labels
- Ceramic textiles and composites
- DIY products
- Architectural applications, for example roofing films made from 3M™ Dyneon™ ETFE

Mining, Oil & Gas

- Fire protection fluid (3M™ Novec™)
- Thick coating
- Work safety products
- Heavy-duty splice kits
- Ceramic filters for oil and gas production
- Gaskets made from Fluoropolymers for oil production plants

Consumer

- Home care products (Scotch-Brite®)
- Sticky notes, marking strips and dispenser (Post-it® Notes, Post-it® Index)
- Personal health care products, e.g. wound dressings, bandages and supports (Nexcare™, Futuro™)
- DIY personal safety products
- Adhesive tapes for repairing, mounting and packaging (Scotch®)
- Home office products
- Adhesive sticks, spray adhesives and scissors for crafting (Scotch®)
- Workstation & ergonomics
- Hooks, mounting, decorating, picture hanging products (Command™)
