3M™ Floor Protection Systems

# Shine that goes on and on

Floor care, reinvented by 3M Science

3M™ Floor Protection Systems

# Create long-lasting beauty and save money.

Your floors are one of the first things people see when they enter your facility. That's why they need to shine. 3M™ Floor Protection Systems magnify your stone floor's natural beauty and resiliency.

## Exceptionally durable

3M floor protector has patented nanotechnology to help create a brilliant protective surface.

## For porous stone floors

Concrete

Marble

Terrazzo

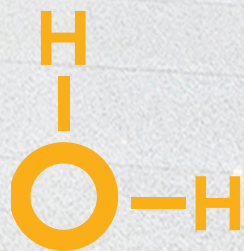

Travertine

Limestone

### Fewer chemicals

Reduces the need for stripping or deep scrubbing once your floors are protected.

3M floor protector chemical formulations are zinc free and low odour.

### High traction

Certified by the National Floor Safety Institute (NFSI) for “high traction”.

### Easy maintenance

Simply dust with 3M™ Easy Trap Duster – sweep & dust sheets or damp mop with neutral cleaner to maintain the beautiful finish.

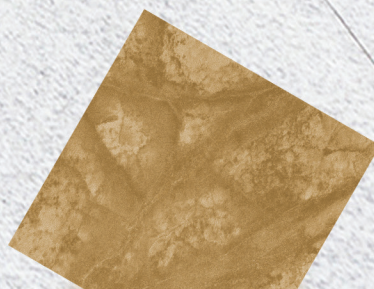

### For all resilient floors

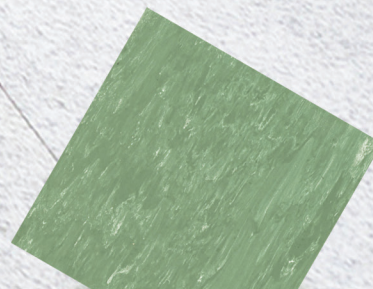

VCT

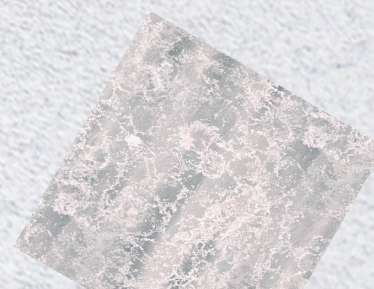

Vinyl Tile

Luxury Vinyl

Linoleum

Sheet Vinyl

## 3M™ Resilient Floor Protection System

# Make low-maintenance a thing of beauty.

The 3M™ Resilient Floor Protection System changes floor maintenance. It's engineered to maximize the beauty and safety of resilient floors, while making day-to-day maintenance fast and easy.

- Dramatically reduce the need for stripping chemicals using this exceptionally durable protector that's four times more resistant to abrasion than acrylic finishes and dramatically reduces the need for stripping chemicals.
- Reduce labour costs up to 70% compared to using a mop and bucket, using the revolutionary 3M™ Easy Shine Applicator Kit.<sup>1</sup>

<sup>1</sup>. Calculation based on ISSA data.

## Fewer chemicals

Reduce your chemical usage by up to 60% with Scotchgard™ Resilient Floor Protector.<sup>2</sup>

## High traction.

Certified by the National Floor Safety Institute (NFSI) for “high traction.”

## Easy maintenance

Maintain the beauty of your floors fast and simple, using Scotchgard™ Resilient Floor Protector with the 3M™ Easy Trap Duster – sweep & dust sheets, the 3M™ Red Buffer Pad 5100 and the 3M™ TopLine Autoscrubber Pad 5000 fast and simple.

1. Use 3M™ Easy Trap™ Duster – sweep & dust sheets daily to remove dry soil.
2. Damp mop or autoscrub with the 3M™ Red Buffer Pad 5100 and neutral cleaner.
3. For deep cleaning before burnishing, use the 3M™ TopLine Autoscrubber Pad 5000.

1. Based on a study conducted by 3M.

2. Based on the significant reduction in frequency of floor stripping.

## 3M™ Stone Floor Protection System

# Get durable floors that shine.

Maximize the beauty, safety and easy maintenance of stone floors with the scientifically designed 3M™ Stone Floor Protection System, featuring the extreme abrasive power of 3M™ Trizact™ Abrasive Pads for restoration, the advanced hybrid technology of Scotchgard™ Stone Floor Protector Plus, and the proven performance of 3M™ Floor Pads and Application Systems. Properly maintained and cared for, no other flooring material can give your facility a more impressive image than stone.

## High traction

Certified by the National Floor Safety Institute (NFSI) for "high traction."

## Restore the finish fast

Give your worn stone floors a bright new life with 3M™ Trizact™ Diamond TZ Abrasive Pads. These advanced technology abrasives feature micro-engineered surfaces that cut fast and stay sharp, allowing you to bring out the original, natural beauty of your stone quickly and efficiently without harsh chemicals or the dust created during the traditional grinding process.

## Exceptionally durable

Scotchgard™ Stone Floor Protector Plus is a unique, hybrid technology that densifies and hardens stone floors leaving behind a glossy, natural-looking shine with superior traction.

- Quickly and efficiently apply Scotchgard™ Stone Floor Protector Plus with the 3M™ Easy Shine Applicator Kit, a unique backpack system that eliminates the need to use a mop and bucket.
- Make stone floors highly resistant to scuffs, black marks, stains, scratches, soil, water and even corrosive hand sanitizers for six months to a year without recoating.

## Easy maintenance

Keeping your stone floors in tip-top condition should not be a grind. That's why 3M has designed a simple maintenance program that helps improve staff productivity and reduce cost:

1. Make quick work of daily dusting with the 3M™ Easy Trap Duster – sweep & dust sheets.
2. Damp mop or autoscrub with the 3M™ Red Buffer Pad 5100 and neutral cleaner.
3. Burnish with 3M™ Tan Burnish Pad 3400.

# 3M™ Floor Protection Systems — Ordering Information

**Scotchgard™ Resilient Floor Protector** is a proprietary, high-performance, water-based floor coating that protects and enhances the appearance of linoleum, vinyl tile and sheet vinyl.
