3M, Cavilon, Tegaderm, Medipore, Steri-Strip and Coban are registered trademarks of 3M.

Welcome to wound + care.

Caring for wounds is most definitely a science, but it's also an art. It's a job that requires specialized training and expertise, as well as instinct and intuition. At 3M, we partner with clinicians to develop wound care solutions that bring the art and science of wound care together to help you manage common skin-related conditions:

Medical Adhesive-Related
Skin Injury (MARSi)

Moisture-Associated
Skin Damage (MASD)

Pressure Ulcer/
Injury (PU/I)

Chronic Wounds/Venous
Leg Ulcer (VLU)

Where smart meets successful.

Explore new ways for you and your team to think about wound care with 3M. Our practical online educational content is free to healthcare professionals and features a range of videos and courses that offer alternatives to the way you discuss and learn.
