

3M™ Reflective Strips

Be visible. Be safe.

3M™ Reflective Strips are a revolutionary leap in performance and design, with excellent all-weather reflectivity and easy application. It has wide viewing angles and superior visibility at long distances.

3M™ Reflective Strips are highly reflective markings made from the same technology as Conspicuity markings for regulated vehicles. Applications include helmets, bikes, cycles, mail boxes, agriculture equipment and more.

3M™ Reflective Strips

Attribute Name	Value
Adhesive Type	Pressure-sensitive
Applications	Various Applications
Color	Red, White, Yellow
Construction	Flexible
Length	14.4 CM
Width	0.8 CM
Performance Features	Retroreflective
Performance Level	Micro Prismatic
