

WASHI TAPE PLANNER COVERS

with Scotch® Expressions Washi Tapes

by Clever Poppy

Get creative by covering your 2019 Planners with Washi Tape this year!

Mix it up this year with your book covers, and use Washi Tape in the Scotch® Expressions range to create fun and eye catching cover designs. You can create designs which are as simple or complex as you wish. Try straight lines of tape with your favourite colour combos. Or create patterns with diagonal lines of tape which you've cut to shape.

Tip: Leave a space to write in your planner title, and any inspiring messages!

Tidying up the edges: You can cut the Washi Tape to fit the cover or fold it over the edges. If you use the folded technique, it's a good idea to use Scotch® Super-Hold Tape to secure down the edges on the inside of the cover.
