

Easy communication

Hearing protection with integrated analog and digital two-way radio enables headset-to-headset communication and can be used with similar PMR radio communication systems. Includes Bluetooth® enabled multipoint connectivity for simultaneous seamless connection. The level-dependent function helps you to hear important sounds from the surroundings and communicate with people standing close by without compromising your hearing protection.

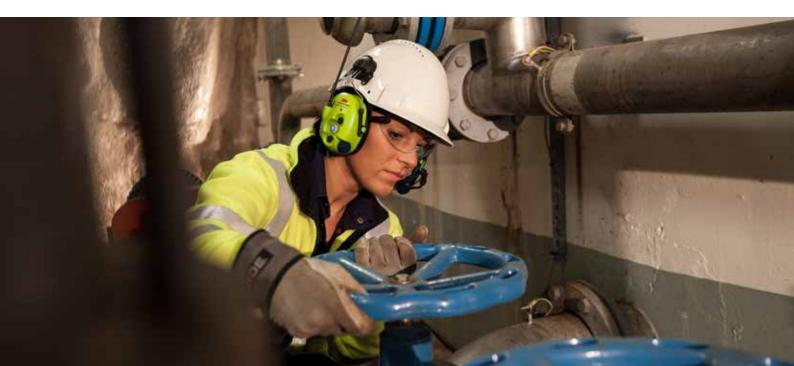

3M Science. Applied to life.™

Smart Solutions, Easy Communication

and demanding environments.

3M[™] PELTOR[™] WS[™] LiteCom Pro III High Visibility Headset is a hearing protector with built-in analog and digital pre-programmed two-way communication radio, a level-dependent function for ambient listening, Bluetooth[®] Multipoint connectivity and external connection jack.

Easy To Use

- Noise attenuating headset helps provide hearing protection in environments with potentially hazardous noise.
- Voice Operated Transmission (VOX) facilitates hands-free operation.
- External Connection Jack provides the possibility to connect an external communication device via a cable.
- Five conveniently positioned function keys and voice guided menus (with multiple language selection) to handle all modes and settings.
- Push-to-Listen quick activation of Level-dependent function

Bluetooth® Technology

Multipoint, for simultaneous, seamless connection to up to two external devices using Bluetooth® technology.

Built-in programmable two-way communication radio

- Headset-to-headset communication and can be used with similar PMR radio communication systems.
- DMR compatible.

- 32 pre-programmed PMR/DMR radio channels in 446 MHz frequency range.
- Analog radio selective squelch function with CTCSS tones or DCS codes and DMR radio functionality, allows multiple users to work on the same channel without listening to each other's communication.

Long range, Low power

- Range with maximum output power is up to 2 km outdoors depending on actual conditions.
- Operating time is up to 11 hours*, using the 3M™ PELTOR™ ACK081 Battery.
 - * up to 17 hours with the power save feature activated

Situational awareness with level dependent function

The level-dependent function helps you hear important sounds from the surroundings and to communicate with people standing close by in a noisy environment, without compromising your hearing protection.

WARNING! 3M strongly recommends individual fit testing of hearing protectors. If the NRR or SNR is used to estimate typical workplace protection, 3M recommends that the noise reduction value be reduced by 50% or in accordance with applicable regulations. 3M PSD products are occupational use only.

The 3M™ PELTOR™ WS™ LiteCom Pro III GB Headset operates on radio communication frequencies that may be subject to end-user licensing by local government agencies. The user is responsible for contacting the local government agency and obtaining any necessary licences prior to using the two-way communication radio.

Standards and Approvals

Hereby, 3M Svenska AB declares that the product is in compliance with appropriate directives or regulations to fulfill the requirements for the CE marking.

The full text of the EU declaration of conformity is available at the following internet address: www.3M.com/PELTOR/DOC. A copy of the declaration of conformity and additional information required in the directives or regulations can also be obtained by contacting 3M in the country of purchase.
