Ballistic Helmets: Bravo (B) Series 3M™ Law Enforcement Ballistic Helmet BA3A

The 3M™ BA3A Ballistic Helmet will support an agency's critical response operations that require easy logistical implementation and cost sensitive budgets for mobile field force operations, active shooter situations, and security operations.

The helmet is offered in the traditional PASGT style and in one size to support easy fielding, with 3M's proprietary "Comfort" integrated retention/suspension or "Dial Adjustable" system.

Product Highlights

- Similar dimensions to the U.S. military PASGT style helmet
- The shell's edge is finished with extruded neoprene rubber trim and the entire outer surface is protected with a scratch resistant flat paint
- Single size helmet: "One size fits most"
- Shell is manufactured utilizing advanced Thermoplastic Aramid and Glass Fabric Composites
- Will accommodate a field-mount face shield

Weight
Finished shell weight with paint and trim

Size Range ~6" - ~8" ~2.6lbs (1.2kg)

Ballistic Helmets: Bravo (B) Series 3M™ Law Enforcement Ballistic Helmet BA3A

Warning

Only qualified and trained operators should use these helmets. Many factors uniquely within the user's knowledge and control can affect the use and performance of the helmet. The user is solely responsible for evaluating the helmet and determining whether the helmet is suitable for user's intended conditions of use. Misuse or failure to follow warnings and user instructions may result in serious personal injury or death.

Export Control: The Ceradyne product(s) listed here may be controlled commodities under applicable U.S. export control laws and regulations, including, but not limited to, the U.S. International Traffic in Arms Regulations (ITAR) and the Export Administration Regulations (EAR). These laws and regulations may, among other things, prohibit the export and/or reexport of controlled product(s) to any or all locations outside of the United States without prior U.S. Government export authorization, the sharing of export controlled technical data and services with those anywhere who are not U.S. citizens or U.S. permanent residents, dealings with U.S. Government, United Nations and other "Restricted Parties," and proliferation activities including those that further nuclear, chemical, or biological warfare, missile stockpiling/use, or the use of rockets or unmanned aerial vehicle systems. Ceradyne and purchasers or prospective purchasers of the Ceradyne product(s) shall comply with all applicable export control laws and regulations, which may require obtaining and maintaining applicable export control authorization or licenses, and understand that the ability of a party to obtain or maintain such authorization or license is not guaranteed. The exporter of record has the sole responsibility to determine whether the export or subsequent reexport of the Ceradyne product(s) requires export authorization. An explicit condition to Ceradyne selling or making available the Ceradyne product(s) is the customer's agreement to comply with all applicable trade compliance laws and regulations.
