

# 3M™ 360 Encompass™ Professional System

**Better. Together. Proven results.**

3M 360 Encompass Professional increases coding accuracy, productivity and compliance while also decreasing denial rates—and we have the results to prove it:

## West coast academic health system – *Live since August 2017*

△ **96%**  
clean claim rate  
(increased by 15-20%)

△ **95%**  
accuracy rate

△ **70%**  
increase in  
productivity  
rate in radiology

△ **35%**  
increase in  
productivity rate  
in procedural areas

## Southern health system – *Live since August 2017*

▽ **2** lag day  
reduction

▽ **0** missing hospital  
rounding charges

## Southwest academic medical center – *Live since May 2018*

▽ **3-5**  
lag day reduction

△ **23%**  
increase in  
total charges  
captured/RVUs\*

△ **27%**  
increase in coded  
encounters\*

## Technology makes it possible. People make it happen.

Technology adoption can come with challenges for organizations. 3M's Business Process Advisory Services provides qualified experts to help healthcare organizations manage change, build coder competence and set the stage for success.
