

The 3M™ 360 Encompass™ System. It's never been better.

Since 2011, over 2,000 organizations have selected the 3M 360 Encompass System, and today it's never been better. Read on to discover what it can do for you.

Click on each year to see the sign-ups across the country:

With the full 3M 360 Encompass System platform, you can:

1 Streamline workflows with coding automation

2 Identify best practices with the 3M™ Advanced CDI Transformation Program

3 Zero in on high-impact CDI cases with worklist prioritization

4 Improve quality indicators with artificial intelligence

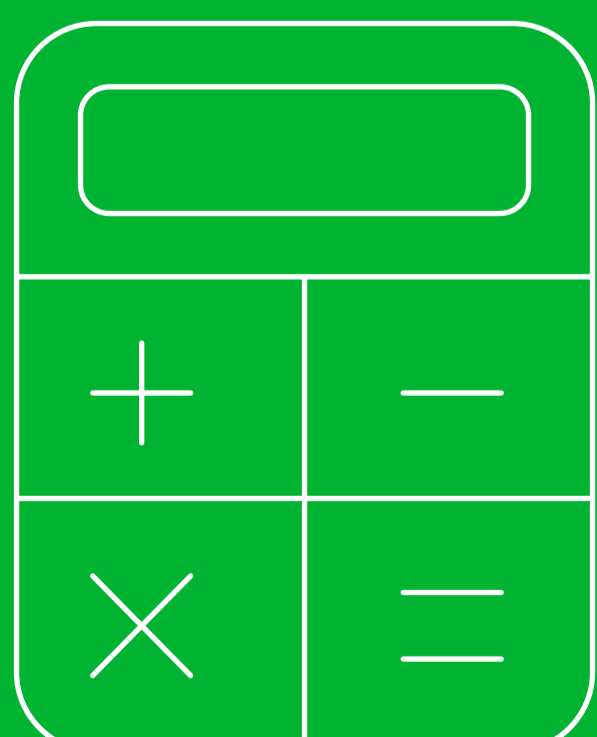

5 Create a frictionless physician query response process

6 Bridge workflows between professional and facility coders

7 Drive an accurate and efficient auditing process

Experience the results

Join our four-day email crash course filled with “must-have” data from our clients

What will you get?

Over four consecutive days, you will receive one email per day highlighting specific results from real clients who depend on the 3M™ 360 Encompass™ System. By the end of the course, you'll understand how 3M 360 Encompass impacts hospitals of all types and sizes. Better yet, you'll have an idea of what 3M 360 Encompass can do for your organization.
