

### 3M Canada Carrier & Customs Requirements

Use the grid below as reference information when it comes to carrier selection for shipments to 3M Canada Company. This is a list of 3M Canada's most common carriers, however it is possible that you have been dealing with carriers other than those listed depending on unique circumstances. If you are unsure which carrier to engage for 3M Canada shipments from your facility, send an email to the 3M Canada Transportation group at tca-corporate6@mmm.com.

Origin	Destination	Carrier Information	Shipments under 201 lbs	Shipments between 201 and 10,000 lbs	Shipments over 10,000 lbs

		SCAC	FDE	
		3M Vendor #	6500440	
		Account #	636456314	
		Means of Transport	AIR_PAR_EX	

### 3M Canada Customs Requirements (for suppliers located outside of Canada)

3M Canada Customs requires a copy of the Commercial Invoice and Bill of Lading at the time of shipment. **This is necessary for both EDI and non-EDI transmissions.** The commercial invoice needs to include the purchase order number, shipping location, consignee and purchaser if different than consignee, country of origin, value of goods with currency of settlement and both net and gross weights, which are compliance requirements. For a more detailed description of invoice requirements please visit <http://www.cbsa-asfc.gc.ca/publications/dm-md/d1/d1-4-1-eng.html>. If using FedEx and a BOL is not available, please record the FedEx tracking number on the Commercial Invoice.

This paperwork can be sent to the 3M Canada Customs Import Team via email at [3ca-corporate3@mmm.com](mailto:3ca-corporate3@mmm.com). The purchase order number should be referenced in the subject line. This will help us to complete the import customs entry in a timely and accurate fashion. If you have any questions, please contact the 3M Customs Team via email or at 1-800-265-1840 ext. 6011.
