

Hard Hat Tether

Hard hat. Easy tether.

Introducing the new heavy-duty 3M™ DBI-SALA® Hard Hat Tether

Work with confidence knowing that if your hard hat falls off, it's not going anywhere. The new 3M™ DBI-SALA® Hard Hat Tether features a new proprietary clip design that prevents deformation of the clip over extended use. This helps ensure a secure attachment, helping to further reduce the number of dropped hard hats.

Upgrade to the 3M™ DBI-SALA® Hard Hat Tether:

Fall Protection
for Tools

Ask more of your hard hat tether.

Double the weight capacity

1.8 kg load rating allows you to confidently add hearing protection or a face shield to your hard hat.

Simple installation and removal

Spring-compression, ambidextrous design makes it easy to use with either hand.

Grips harder on more materials

Patented clip holds stronger when force is applied to it.
