SKU Changes for the 3M™ D-Subminiature 8315-8000 Connector

To our 3M Electronics Materials Solutions Division Authorized Distributors

3M is changing the product Material I.D. / SKU for the following D-Subminiature 8315-8000 connector in order to be able to improve the management and processing of orders.

What Do I Need To Do?

Please use the following 3M Legacy SKU and SAP Material SKU for the 8315-8000 product offering.

3M Product Number	3M Legacy Stock Number	SAP Material SKU	Material Description
8315-8000	UU003115290	7100069554	8315-8000=DELTA PIN (ROHS)

No longer use the following SKU information for this product offering.

3M Product Number	3M Legacy Stock Number	SAP Material SKU	Material Description
8315-8000	DE610012754	7000063070	8315-8000=DELTA PIN (ROHS)

Please update all of your systems to reflect this change.

3M sincerely regrets the inconvenience this may cause.

If you have questions relating to this notice please contact your 3M Key Account Manager or Customer Service Representative who will be pleased to help you, or visit 3M.com/interconnect.

Thank you for your understanding and continued partnership with 3M.
