

3M Science.
Applied to Life.™

The game changer.

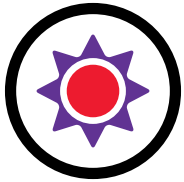

Introducing 3M™ Precision Poly Tape—it's a whole new ball game when it comes to prepping and painting.

Empower your process with an easy-to-use tape that offers water and abrasion resistance—and can be left on a panel for up to seven days, indoors or out. Excellent adhesion. Highly conformable. Easy removal with no residue. Super-sharp paint lines. Now you have the power to get more done faster, easier and better than you ever thought possible.

Up your game at [3M.com/PrecisionPolyTape](https://www.3m.com/PrecisionPolyTape)

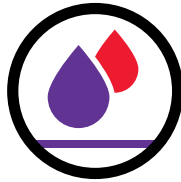

The rules have changed.

Forget what you know about prepping and painting with paper or vinyl tapes.

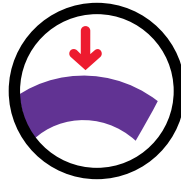

7-day Clean Removal

UV resistance for use indoors or out—no adhesive transfer, ghosting or slivering.

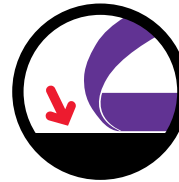

Waterproof Backing

Withstands inclement weather and exposure to liquids without deterioration, compromised paint lines or difficult removal.

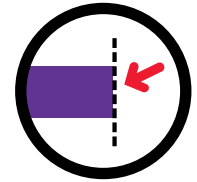

Highly Conformable

Sticks, stays and easily curves to create sharp paint lines and intricate designs.

Sharp Paint Lines

Superior masking performance provides sharp paint lines for striping, color separation and complex designs.

Straight Tear

Tears easily by hand every time, leaving a clean, straight tear without using sharp tools.

Snap it. Stick it. Love it.

It's easy to get the hang of tearing 3M™ Precision Poly Tape. Just pinch it between your thumbs and index fingers and quickly tear the tape with a snap. The result is a clean, straight tear every time.

Fine Line

Part No.	UPC	Color	Size	Rolls/Box
