

What's in your toolbox?

Specialty Vehicle

3M™ Dual Lock™ Reclosable Fasteners

3M™ Dual Lock™ Reclosable Fasteners are a heavy duty, reliable reclosable fastener which can easily attach two substrates together, replacing screws, clips and other traditional fastening methods. Switching to 3M Dual Lock Reclosable Fasteners can improve productivity on the production floor and offers designers new flexibility in design.

Eliminate rework.

- No pre-drilled holes
- Perfect positioning every time
- Confidence in assembly...“snap!”
- Reduce reliance on high maintenance tools

Improve productivity.

- Instant attachment
- Immediate handling strength
- Pre-apply for downstream assembly or use as a third hand
- Bonding power of 3M™ VHB™ Tape Technology

Enhance designs.

- No exposed mechanical fasteners
- Attach dissimilar materials without holes
- Create a sleeker design
- Lightweight

Designing with 3M™ Dual Lock™ Reclosable Fasteners

Specialty vehicle applications

Interior panels

Easily overcome variability in panel or trim size for ceilings and side panels; no screw alignment needed. Removable for service or refurbishment.

Lighting

Easily attach lighting with blind fasteners for aesthetically pleasing finish and easy removal for bulb replacement.

Signage

Secure. Easy to swap individual ads or postings.

Seat cushions

Invisible to riders. Difficult for riders to remove. Removable for repair or refurbishment.

Product selection

3M™ Dual Lock™ Reclosable Fastener portfolio offers a variety of strengths, adhesives, thicknesses, and colors. Start any evaluation with black, mid-strength SJ3550, good on most high surface energy and medium surface energy substrates. Your 3M Representative can offer alternate suggestions to meet your application needs.

SJ3550

Medium strength when attached to itself

SJ3551

High strength when attached to SJ3550

SJ3552

Low strength when attached to SJ3550

SJ3560

Clear

SJ4570

Thin/ low profile

For more information on assembly options to achieve your desired strength and design, please work with your 3M Representative or 3M Tech Service.
