Incontinence Skin Care Instructions

3M™ CAVILON™ DURABLE BARRIER CREAM

Fragrance Free

Incontinence Skin Care Instructions

Step 1

Gather supplies:

- A pH-balanced skin cleanser, such as 3M™ Cavilon™ No-Rinse Skin Cleanser
- 3M™ Cavilon™ Durable Barrier Cream
- Soft cloth(s)
- Absorbent product (e.g., brief or pad)
- Gloves

Step 2

Remove soiled brief or pad.

Step 3

Cleanse and dry skin.

Moisten cloth with skin cleanser.

Spray skin with cleanser, then wipe skin with moistened cloth to remove soil. Repeat as needed until skin is clean. Rinsing is not required for Cavilon No-Rinse Skin Cleanser. For other skin cleansers, rinse if required per cleanser directions. Dry skin thoroughly.

Make sure skin is clean and dry before going to Step 4.

Step 4

Apply cream to skin.

Squeeze a small amount of Cavilon Durable Barrier Cream into the palm or on fingertips of a gloved hand. Avoid using too much.

Apply cream to all skin areas exposed to urine or stool. Gently massage cream into skin until it disappears.

Reapply every 24 hours* if there are **3 or fewer** incontinent episodes per 24 hours.

Reapply every shift** if there are **more than 3** incontinent episodes per 24 hours.

* Suggested protocol — apply at the first incontinent episode during the day shift

** Suggested protocol — apply at the first incontinent episode at the beginning of each shift

Step 5

Apply a clean absorbent product.

Step 6

Document Care:

Report skin breakdown such as redness, rash, or ulceration. Consider influence of friction or pressure if area is over a bony prominence.

Document care per facility protocol.
