

3M Sells Drive-Thru Communication Systems Offering to ParTech, Inc.
PAR to provide end-to-end ordering solutions for the restaurant industry

ST. PAUL, Minn. – September 30, 2019 3M has sold the assets associated with its Drive-Thru Communication Systems business, formerly a part of 3M Commercial Solutions Division, to [ParTech, Inc.](#) (“PAR”), which is a leading global provider of software, hardware systems, and service solutions to the restaurant and retail industries.

PAR has been a leader in the POS space for over 40 years. “We are incredibly excited to invest in the business and make it a core focus for its future. We are committed to the product line and believe additional investment will benefit customers and distributors greatly,” said Savnett Singh, PAR CEO.

3M remains focused on servicing QSRs and others in the food service industry with its portfolio of cleaning products, anchored in 3M technology such as the [Scotch-Brite™ Kitchen Cleaner & Degreaser Wipes](#), [Scotch-Brite™ Hex Series Scour Pads](#), [3M™ Water Filtration Systems](#) and the [Scotch-Brite™ Quick Clean Griddle Cleaning System](#).

3M is committed to working with PAR and the customers to help facilitate a smooth transition and minimize disruption.
