3M™ Easy Trap™
Sweep and Dust Sheets

Don't be
fooled by
imitators.

3M™ Easy Trap™ Sweep and Dust Sheets trap up to 800% more dirt, dust and sand than flat fringed cotton dust mops and the professional version of a common household sweeping dust cloth brand.

Pick-up power that can't be beat.*

Cleaning doesn't have to be complicated. 3M™ Easy Trap™ Sweep and Dust Sheets deliver consistently superb results with less manual effort than competitive tacky dusting sheets.

Pick up — don't just move — hair.

3M Easy Trap Sweep and Dust Sheets not only collect loose hair and fur, they trap it using a light adhesive so it doesn't just land in another location. Great for use in hotel rooms, salons and veterinary clinics.

Prep floors before you refinish.

Use the sheets just before applying floor finish to avoid trapping dust, debris and hair that can ruin the appearance of your floors.

Trap hard-to-collect debris.

3M Easy Trap Sweep and Dust Sheets pick up challenging debris, like glitter in classrooms, or sutures in operating rooms, even in wet conditions.

Enjoy the big game.

Pick up tiny pieces of dust from gym floors before it retires to the soles of players shoes. Ideal before, during and after games.

Make a good first impression.

Use dust sheets on hard-to-dust hotel surfaces like bed linens to reduce the likelihood of guests finding hair that belongs to someone else.

*No other tacky disposable dusting sheet beats the pick-up power of 3M Easy Trap Sweep and Dust Sheets as tested under normal use conditions.

Product Shown: 23" 3M™ Easy Trap™ Flip Holder with A-clamp attachment.

Get the most from your disposable dust sheets.

Conformability.

3M™ Easy Trap™ Sweep and Dust Sheets are plush, not stiff, for easy cleaning in grooves and crevices. Trust that they will easily conform and attach securely to high dusters.

Versatility.

The dust sheets pick up debris even through water. Ideal for humid climates and where puddles and wet spots commonly form, like near pools and spas.

Sustainability.

You don't have to sacrifice sustainability goals for the convenience of disposability. 3M Easy Trap Sweep and Dust Sheets are made with at least 60% recycled content and housed in 100% recyclable packaging. They're designed in 6" perforated rolls to allow users to select just the amount they need — and both sides are usable.

“At 3M, we are a purpose-driven enterprise. We know that we can grow our business while collaborating to solve some of humanity’s greatest challenges. And we know that innovation isn’t innovation without Sustainability.”

— Mike Roman
Chairman and Chief Executive Officer, 3M

Don't let mopping be a drag.

3M adhesive technology offers an easy glide, with 35% less drag than a competitive tacky disposable dust sheet.

Demand real-world results.

When you choose a dust sheet, make sure it's one that is tested using real-world scenarios that can be replicated, like 3M. Some brands use atypical testing methodologies for results that are tough to replicate in practice and are not typical real-world use scenarios.

It's not about strength. It's about what you're made of.

- Support sustainability goals: made with at least 60% recycled content
- Choose a product that helps reduce allergens, which may be present in dust*
- Use the original: patented technology from the company that brought you Post-it® Notes
- Work with a company you trust: 3M has been named as one of the World's Most Ethical Companies by Ethisphere for the sixth year running
