

# CREATE YOUR OWN AT HOME FIRST AID KIT.

Accidents happen. When they do, be prepared with the essentials.

Please see pack for instructions for use. Follow directions. Always read the label. Use only as directed.

## NEXCARE™ BANDAGES / PLASTERS / STRIPS

Bandages are first aid kit must-haves! Make sure you have different types and sizes of bandages to fit different wounds. Also, make sure to stock up on some waterproof bandages.

## NEXCARE™ STERI-STRIPS

Use for closing cuts, skin tears and strengthening surgical incisions.

## NEXCARE™ TEGADERM DRESSINGS

Tegaderm Assorted and Tegaderm Plus pad ideal for larger wounds that need waterproof protection.

## NEXCARE™ NON-STICK PAD

Ideal for use with bandages for skin that doesn't tolerate adhesives.

## 3M MEDICAL TAPES

Micropore™ Tape, Absolute Waterproof Tape & Strong Hold tape for sensitive skin.

## 3M MEDICAL BANDAGES

Self-Stick Compression Wrap & Crepe bandages. Ideal for holding on dressings or supporting a sprain or strain.
