Product Discontinuation Notice

EFFECTIVE June 1, 2020

3M™ PELTOR™ LiteCom BRS Headsets

May 1st, 2020

Dear Valued Customer,

This letter is to inform you that effective June 1, 2020, the 3M™ PELTOR™ LiteCom BRS Headsets will be discontinued. **The last date for purchase orders will be May 31st, 2020, or until supplies last.**

AFFECTED PRODUCTS: (Discontinued)

Product Number	3M SAP ID#	Description
MT53H7A4600-NA	7000108553	3M™ PELTOR™ LiteCom BRS Headset, Headband
MT53H7B4600-NA	7000108554	3M™ PELTOR™ LiteCom BRS Headset, Neckband
MT53H7P3E4600-NA	7000108555	3M™ PELTOR™ LiteCom BRS Headset, Hard Hat Attached

RECOMMENDED REPLACEMENT PRODUCTS FOR CONSIDERATION:

There are two courses of action for replacing the BRS Headsets:

For your existing LiteCom BRS customers (those that need backwards compatibility to their existing LiteCom BRS Headsets), the recommended replacement is the 3M™ PELTOR™ LiteCom Plus Headsets as these headsets are preprogrammed with the BRS frequencies and are backwards compatible to the LiteCom BRS Headsets.

Product Number	3M SAP ID#	Description
MT7H7A4610-NA	7000108560	3M™ PELTOR™ LiteCom Plus Headset, Headband
MT7H7B4610-NA	7000108561	3M™ PELTOR™ LiteCom Plus Headset, Neckband
MT7H7P3E4610-NA	7000108562	3M™ PELTOR™ LiteCom Plus Headset, Hard Hat Attached

For new LiteCom customers interested in the entry level LiteCom solution, the recommended replacement is the newly launched 3M™ PELTOR™ LiteCom FRS Headsets. The LiteCom FRS Headsets have the exact same feature set as the LiteCom BRS Headsets, only that they are preprogrammed with the 22 FRS frequencies instead of the 8 BRS frequencies.

Product Number	3M SAP ID#	Description
MT53H7A4602-NA	7100204442	3M™ PELTOR™ LiteCom FRS Headset, Headband
MT53H7B4602-NA	7100204441	3M™ PELTOR™ LiteCom FRS Headset, Neckband
MT53H7P3E4602-NA	7100204440	3M™ PELTOR™ LiteCom FRS Headset, Hard Hat Attached
