

# Tegaderm™

Wound Care Solutions

## When monitoring an incision, you need the whole picture.

### 3M™ Tegaderm™ Absorbent Clear Acrylic Dressings

Maintaining an ideal healing environment and monitoring surgical incisions are critical steps in reducing post-operative surgical site infections. For small to large incisions, Tegaderm absorbent clear acrylic dressings offer a waterproof,<sup>1</sup> transparent<sup>2</sup> barrier – allowing active monitoring and early intervention without disturbing the incision.<sup>3</sup> Plus, extended wear time<sup>4</sup> allows for patients to shower and return more quickly to daily activities.<sup>1</sup>

Available in five sizes for complete coverage of incisions up to 28cm.<sup>1</sup>

# 3M™ Tegaderm™ Absorbent Clear Acrylic Dressings

At 3M, we partner with providers to develop surgical solutions that have the power to transform patient outcomes through science, including the post-operative protection and care of surgical incisions. Choose from our full line of transparent Tegaderm absorbent clear acrylic dressings for a variety of applications or procedures.

## Enhanced monitoring

Designed with a clear film and acrylic absorbent pad composed of a hydrophilic polymer,<sup>5</sup> Tegaderm absorbent clear acrylic dressings give providers and patients the ability to monitor incisions for early signs of infection.<sup>2</sup>

## Extended protection

Wear time of at least 7–28 days<sup>4</sup> gives patients extended protection beyond their initial hospital stay, and supports early showering<sup>1</sup> without removing the dressing.

## Optimal healing environment

Protects from external contaminants, bodily fluids, bacteria, viruses, and water ingress,<sup>1</sup> and is designed to absorb moderate exudate levels<sup>2</sup> to promote an optimal healing environment.<sup>6</sup>

**Dressing size selection:** choose the right dressing size for your application.

	Catalogue number	Dressing pad size	Overall dressing size	Incision size
	90800 Oval	3.8cm x 5.7cm	7.6cm x 9.5cm	≤ 2.5cm
	90801 Oval	6cm x 7.6cm	11.1cm x 12.7cm	≤ 4cm
	90803 Oval	8.5cm x 10.7cm	14.2cm x 15.8cm	≤ 10cm
	90815 Rectangle	4.5cm x 20cm	9cm x 25cm	≤ 18cm
	90817 Large Rectangle	4.5cm x 30cm	9cm x 35cm	≤ 28cm

**Application tip:** dressing pad should extend past ends of incision by 1cm.
