# New Replacement Hood

Engineered for improved fit.

Upgrade your current 3M™ Scott™ ELSA Emergency Escape Breathing Device (EEBD) with the new ELSA EEBD-N Replacement Hood with Diffuser, PN 8007204. The new hood (“-N”) has a patent-pending neck seal that has been tested to fit all wearers<sup>2</sup> and is approved for use with current 3M Scott ELSA EEBD models as a replacement part.

## The new ELSA EEBD-N Replacement Hood is easy to install and easy to use

Easy to install without the use of tools<sup>1</sup>

Stretches and retracts to fit all wearers<sup>2</sup>

Pull on hood requires no additional steps to secure

NIOSH approved with current ELSA EEBD respirators

For technical use and application questions regarding these products, contact the 3M Technical Service Hotline at 1-800-243-4630. For service and repair questions contact 3M Scott at 1-800-247-7257.

These respirators help to protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of applicable jurisdiction, as appropriate. Improper use may result in sickness or death. For correct use, see supervisor and User Instructions, or call 3M PSD Technical Service in USA at 1-800-243-4630 and in Canada at 1-800-267-4414.
