

3M Canada is committed to ensuring the health and safety of our employees, and our valued partners.

When you arrive, you will be required to complete a screening before being permitted access to 3M Canada locations.

The expectations while at 3M are included below. If you have any concerns regarding compliance with the requirements, please consult with your 3M contact prior to arrival at the location.

Declaration

I will comply with the current COVID-19 prevention measures while on-site including:

- Wearing a mask/face covering at all times while inside a facility and not at an approved work location. (not required outdoors)
- Not having any physical contact with person, such as shaking hands
- Maintaining 6 feet (2 meter) distance from all persons
- Sneezing or coughing into a tissue or bent arm
- Frequent hand washing, use of hand sanitizer and surface cleaning
- Leaving the site immediately if you become sick (see above for COVID-19 symptoms).
 - Notifying your supervisor, 3M contact, or host that you are leaving the site because you are not feeling well.
- Letting my 3M contact know I am leaving the building / site prior to exiting
- Other measures communicated by 3M

Any visitor who tests positive for COVID-19 after visiting a 3M site within 14 days is required to notify their 3M contact and 3M Occupational Health Services:
