Re: Update on Transition of Wave 1 Parts for US Customers

For 3M's transition of connector operations, please be advised that 192 of the 231 parts in Wave 1 have now been transitioned to the new manufacturing location and should now be ordered using the new Southeast Asia (SEA) Source of Supply (SoS) Legacy SKUs and SAP IDs. Please refer to the list in Appendix A or the attached spreadsheet for the transition status and cross-reference list for all parts being transitioned in this wave. This is also available through bCom.

Please note that there are 39 parts that have yet to be transitioned and should continue to be ordered under the current SKU. These products are listed in Appendix B and identified in the attached spreadsheet.

Please reach out if you have any questions or concerns regarding the transition.

Thank you for your continued partnership with 3M.
