3M™ Scott™ Vision C5 Facepiece with E-Z Flo C5 Regulator

See more. Hear what matters. Breathe easier.

Designed using a platform approach, the Vision C5 facepiece with E-Z Flo C5 regulator incorporates the latest technology to enhance situational intelligence, while providing a customizable solution to meet the changing needs of today's firefighter.

See more.

Wider field of view helps to improve situational awareness.

Hear what matters.

Bone conduction headphones for clear incoming radio communications.

Breathe easier.

New regulator design provides improved breathing performance.

See more.

3M™ Scott™ Vision C5 Facepiece

PPE Interface

Face seal provides wider landing area with ridges to help improve interface with protective hood.

Wider Field of View

Helps to improve situational awareness.

Single Reflex Face Seal

Designed for enhanced comfort and easier donning.

Modular Design

Enables future upgradeability, improves serviceability and provides a platform for use across multiple respiratory applications.

Removable 5-Point Head Harness

Helps provide secure fit while minimizing adjustment during donning and is easily removable for cleaning.

Dual Voicemitters

Enhanced voice transmission—exceeds STI requirements for NFPA 1981, Standard on Open-Circuit Self-Contained Breathing Apparatus (SCBA) for Emergency Services, 2018 Edition.

Cleanability

Removable head harness and sealed electronics enable ease of cleaning to assist with exposure reduction efforts.

Comfort

Single reflex face seal for improved comfort and easier donning, plus new regulator design for enhanced breathability.

Connectivity

Bluetooth® connectivity for improved communications, firefighter safety and fireground accountability.

Hear what matters.

3M™ Scott™ Vision C5 Facepiece with Radio Direct Interface

Bone Conduction Headphone

Enhance hearing and understanding of incoming two-way radio communications.

Automated Voice Prompts

Provides verbal notification of changing system conditions.

Integrated Volume Switch

Adjust volume based on hearing acuity and environmental conditions.

Rechargeable Battery

Intrinsically safe lithium-ion battery.

Field Install Kit Available

Upgrade a standard Vision C5 facepiece with radio direct interface.

Radio Direct Interface

Wireless radio communications utilizing existing compatible radios

In-Mask Communications

Enhanced voice intelligibility during two-way radio communications

Single-Button Operation

Simple, intuitive operation for powering on/off electronics

Multipurpose Solution

Continuous operation when transitioning between tactical (on air) and non-tactical (off air) operations

Multi-Platform Solution

Approved with compatible 3M™ Scott™ Air-Pak™ SCBA and compatible two-way radios

Software Configurable

Modify settings using iOS or Android™ compatible mobile applications

Communications

Cutting edge bone conduction vibration technology and in-mask microphone enhance two-way radio communications.

Configurability

Modular design offers a scalable solution to meet the needs of municipal and volunteer fire departments.

Breathe easier.

3M™ Scott™ E-Z Flo C5 Regulator

New Features

Enhanced Breathability

Helps reduce user burden and improve operational efficiencies.

Enhanced Communications

Reduced frequency Vibralert EOSTI helps improve two-way radio communications.

Expanded Heads-Up Display

New status icons provide visual alerts to SCBA wearer for electronic personnel accountability report (ePAR), EVAC and System Integrity Alarm (when using 3M™ Scott™ Air-Pak™ X3 Pro SCBA configured with 3M™ Scott™ SEMS II Pro Wireless SCBA Telemetry).

Auto Air-Saver

Simplifies operation and helps prevent inadvertent air loss during removal from the facepiece.

External “Buddy” Lights

Assist with remote identification of a user’s SCBA air remaining.

Proven Design

Quarter-Turn Design

Provides secure connection to the facepiece.

Vibralert End-of-Service Time Indicator (EOSTI)

Audible and tactile low air warning for immediate recognition on the fireground.

Air Spray Bar

Provides separate inhalation air path and helps to reduce fogging during use.

Recessed Heads-Up Display

Helps improve downward view through facepiece

3M™ Scott™ Vision C5 Accessories

Rechargeable Battery
Intrinsically safe lithium-ion battery.

2-Bay Charger
Simultaneously charges two batteries.

Power Supply
AC/DC supply or hard-wired connection.

Configurable Solution
Daisy-chain compatible to simplify installation.

Multipurpose Solution
For use in a vehicle-mount or desktop application.

Field Install Kit
Upgrade a standard Vision C5 facepiece with radio direct interface communications.

Part Number	Product Description
70-0020-0994-5	Vision C5 , RDI Only, Installation Kit
70-0020-0995-2	Vision C5 , RDI with BCH, Installation Kit

Meet the new face of firefighting.
