

Conquer burnout with 3M's speech recognition technology

Spotlight on Craig Summers, MD, FAAP, founder and managing partner of Children's Medical Group in Hamden, Connecticut.

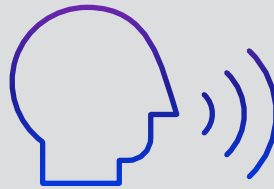

With 3M™ M*Modal Fluency Direct, Dr. Summers is beating physician burnout by:

**Communicating
patient notes faster**

150-160

words per minute

**Completing
notes faster**

3-4 times

more quickly than
partners still typing

**Closing
encounters faster**

30%

faster closure rate

*"I almost never take
anything home."*

"I clearly have more free time. There is no question that the concept of burnout is real. There's no question that this improves your time spent and opens you up to more opportunity."
