Combine your 3M[™] Scott[™] Facepieces with innovative 3M cartridges and filters.

Combine dependable protection with greater versatility.

You face a wide variety of hazardous environments. So you need a wide variety of protection. With the 3M[™] Scott[™] AV-632 Bayonet Adapter, you can use the Scott facepieces you rely on with a trusted, innovative portfolio of 3M cartridges and filters for more protection than ever.

Find the facepiece that fits your application.

► 3M[™] Scott[™] AV-3000 SureSeal Facepiece

Shown with AV-632 bayonet adapter and 3M gas and vapour cartridges.

- Available with Kevlar[®], Polyester or Rubber Head Harness
- Available in three sizes (Small, Medium, Large)

► 3M[™] Scott[™] AV-3000 HT Facepiece

Shown with AV-632 bayonet adapter and 3M combination cartridges

- Available with Kevlar® Head Harness
- Available in three sizes (Small, Medium, Large)

Easily adapt to your environment.

We've made it easy and intuitive to securely attach 3M filters and cartridges to your existing Scott facepieces.

- Enable facepieces for use in a variety of applications
- Attaches with a simple, quick quarter turn
- Consistent attachment simplifies training across multiple applications
- Approved for use with 3M[™] Scott[™] AV-3000 SureSeal Facepiece and 3M[™] Scott[™] AV-3000 HT Facepiece

► 3M[™] Scott[™] AV-632 Bayonet Adapter

SM[™] Particulate Filters

Filters particulates (e.g., dust, mists, fumes, fibres and biological particles, including mold spores and particles containing bacteria and viruses). Some filters also have nuisance-level gas and vapour capabilities.

► 3M[™] Gas and Vapour Cartridges

Various cartridges are available to filter a variety of gases and vapours found in workplaces.

► 3M[™] Combination Cartridges/Filters

Combines gas and vapour protection with a built-in particulate filter. As with gas and vapour cartridges, various cartridges are available for the specific hazard in the workplace. With the AV-632 Bayonet Adapter, all 3M Particulate Filters and Gas/Vapour Cartridges can be used interchangeably with: 3M[™] Scott[™] AV-3000 SureSeal Facepiece and 3M[™] Scott[™] AV-3000 HT Facepiece, plus 3M[™] Reusable Respirators 6000, 6500, 7000 and FF-400 Series facepieces.

3M[™] Scott[™] Bayonet Adapter

• Approved for use with 3M[™] Scott[™] AV-3000 SureSeal Facepiece and 3M[™] Scott[™] AV-3000 HT Facepiece

Part No.	Description
XP-1008-4113-7	Bayonet Adapter, AV-632

3M[™] Particulate Filters 2000 Series

- Lightweight and easy to breathe through
- Assortment of filters available for a wide range of applications

Part No.	Description
2071	Particulate Filter, P95
2076HF	Particulate Filter, Hydrogen Fluoride/P95, with Nuisance Level Acid Gas Relief*
2078	Particulate Filter, P95, with Nuisance Level Organic Vapour/ Acid Gas Relief*
2091	Particulate Filter, P100
2096	Particulate Filter, P100, with Nuisance Level Acid Gas Relief*
2097	Particulate Filter, P100, with Nuisance Level Organic Vapour Relief*
2297	Advanced Particulate Filter, P100
2296	Advanced Particulate Filter, P100, with Nuisance Level Acid Gas Relief*
2297	Advanced Particulate Filter, P100, with Nuisance Level Organic Vapour Relief*

3M[™] Hard Case Particulate Filters

- Unique, spring-loaded filter cover design simplifies negative pressure user seal checks
- Swept-back design provides enhanced field of view and greater comfort

Part No.	Description
7093	Particulate Filter, P100
7093C	Cartridge/Filter, Hydrogen Fluoride, P100 with Nuisance Level Organic Vapour and Acid Gas Relief*

3M[™] Gas/Vapour Cartridges

- Low-profile design helps maintain good field of vision
- Full range of cartridges to meet your needs

Part No.	Description
6001	Cartridge, Organic Vapour
6002	Cartridge, Acid Gas**
6003	Cartridge, Organic Vapour/Acid Gas**
6004	Cartridge, Ammonia/Methylamine
6005	Cartridge, Formaldehyde/Organic Vapour
6006	Cartridge, Multi Gas/Vapour**
6007	Cartridge, Mercury Vapour/Organic Vapour/ Acid Gas

3M[™] Combination Cartridges/P100 Particulate Filters

- Particulate filter is permanently attached to cartridge for easy, one-step assembly
- Unique design for enhanced comfort and visibility

Part No.	Description

For information call 1-800-267-4414 or visit **3M.ca/Safety**

*3M recommended for relief against nuisance levels of organic vapours and acid gases. Nuisance level organic vapour and acid gas refers to concentrations not exceeding OSHA PEL or applicable government occupational exposure limits, whichever is lower. Do not use for respiratory protection against acid gases or organic vapours (except hydrogen fluoride). **Reminder: These cartridges are approved for respiratory protection from hydrogen sulfide gas up to 10 times the permissible exposure limit (PEL) with half facepiece respirators and full facepiece respirators when qualitatively fit tested, or up to less than 300 parts per million (ppm) with full facepiece respirators when quantitatively fit tested or according to specific OSHA standards or applicable government regulations, whichever is lower. 300 ppm is the concentration considered Immediately Dangerous to Life or Health (IDLH) for hydrogen sulfide.

is lower. 300 ppm is the concentration considered Immediately Dangerous to Life or Health (IDLH) for hydrogen sulfide. +3M recommended for use against radioiodine and methylbromide. Note: not NIOSH approved for methylbromide or radioiodine.

3M PSD products are for occupational use only.

These respirators help reduce exposures to certain airborne particulates. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in injury, illness or death. For correct use, consult supervisor and User Instruction, or call 3M PSD Technical Service in USA at 1-800 243-4630 and in Canada at 1-800-267-4414.
