3M™ Clean & Protect Certified Badge Program

As the world emerges from the global COVID-19 pandemic, there are fewer restrictions but a heightened sense of awareness about cleanliness remains. Your customers are looking to you for reassurance that you are doing all you can to keep your facility safe.

Help put them at ease with the new 3M™ Clean & Protect Program.

Committed to clean.

As a provider of essential services, you've always been aware of the importance of maintaining a clean and safe environment through the pandemic. However, even as restrictions ease, your guests and employees may still harbor doubts and fears about the cleanliness of public spaces.

Show them how much you care about keeping clean with the 3M™ Clean & Protect Certified Badge Program, a new comprehensive system for cleaning, monitoring and protecting your facility so you can stay open with confidence.

- ▶ Provide effective, reliable solutions that help keep your facility clean, welcoming and operational
- ▶ Verify and monitor the cleanliness of your non-porous surfaces in real time with the 3M™ Clean Trace™ ATP Cleaning Monitoring System
- ▶ Train your staff in the latest cleaning and disinfecting protocols with our online educational learning modules
- ▶ Deliver graphics that promote compliance with social distancing guidelines
