

Fire Protection Products

3M™ Fire Barrier Ultra-Fast Anchors

Technical Data Sheet

December / 2020

Product Description

3M™ Fire Barrier Ultra-Fast Anchors is a 24-gauge stainless steel strap which works in conjunction with 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) to create an effective and simple way of fastening a firestop system for combustible through-penetration to wall, floor and floor ceiling assemblies.

Product Features

- 24-gauge stainless steel
- Easy and rapid Installation
- No need of mechanical fasteners, power tools and no drilling required

Applications

3M™ Fire Barrier Ultra-Fast Anchors are ideal for use in conjunction with 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) as a faster and simpler alternative to fasten such devices to the desired firestop assembly.

3M™ Fire Barrier Ultra-Fast Anchors in conjunction with 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) close openings left behind by combustible penetrants in the event of a fire when appropriately installed per the corresponding third party tested and listed system.

Installation Techniques

Consult a 3M Authorized Fire Protection Products Distributor or Sales Representative for applicable UL, ULC, Intertek or other third-party drawings and system details.

Equipment: 3M™ Fire Barrier Ultra-Fast Anchors are applied by hand. A 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) is required to use the anchors.

Installation Details: Tested and listed system details must be followed for each specific application. Install 3M™ Fire Barrier Ultra-Fast Anchors in conjunction with 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) in accordance with system details for orientation and location requirements. 3M™ Fire Barrier Ultra-Fast Anchors are intended to replace steel mechanical or masonry fasteners having minimum 75 lb. pull out strength in conjunction with 1-1/4 in. (32 mm) diameter steel washers.

Limitations: It is recommended that 3M™ Fire Barrier Ultra-Fast Anchors are installed in conjunction only with 3M™ Fire Barrier Ultra Plastic Pipe Devices (Ultra PPD) in accordance with system details.

3M™ Fire Barrier Ultra-Fast Anchors

Maintenance	No maintenance is expected to be required when installed in accordance with third party tested and listed firestop system. Once installed, if any section of the 3M™ Fire Barrier Ultra-Fast Anchors is damaged, the following procedure will apply: Any damaged product must be removed. The wrap strip material must be inspected to ensure integrity. The damaged product must be removed and replaced with new product, installed as detailed in the original applicable 3rd party tested and listed system.
Availability	Available from 3M Authorized Fire Protection Products Distributors. For additional technical and purchasing information, call 1-800-328-1687 or visit 3M.com/firestop .
Safe Handling	Consult Article Information Sheet prior to handling and disposing of 3M™ Fire Barrier Ultra-Fast Anchors.
Technical Information	The technical information, recommendations and other statements contained in this document are based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed.
Warranty, Limited Remedy and Disclaimer	<p>Warranty: 3M warrants that the Product will be free from defects in material and manufacture during the Extended Warranty Period. If the Product does not conform to this warranty during the Extended Warranty Period, then 3M will, as the sole and exclusive remedy, provide replacement Product (or, if replacement material is unavailable, refund the Product purchase price) for the Project. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE.</p> <p>This warranty is void if the Product is not installed: (1) in accordance with the applicable UL or Intertek listings; (2) in accordance with the applicable Product data sheet and installation instructions; (3) in accordance with the specifications for the Project; and (4) by a 3M trained Installer. This warranty does not cover damage or failure caused by Product misuse, improper Product storage, improper Product installation, Product or Project abuse, natural disasters, or other force majeure events.</p>
Limitation of Liability	EXCEPT FOR THE LIMITED EXTENDED WARRANTY AND REMEDY STATED ABOVE, AND EXCEPT TO THE EXTENT PROHIBITED BY LAW, 3M WILL NOT BE LIABLE FOR ANY LOSS OR DAMAGE ARISING FROM OR RELATING TO THE PRODUCT, WHETHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL, (INCLUDING, BUT NOT LIMITED TO, LOST PROFITS OR BUSINESS OPPORTUNITY), REGARDLESS OF THE LEGAL OR EQUITABLE THEORY ASSERTED, INCLUDING, BUT NOT LIMITED TO, WARRANTY, CONTRACT, NEGLIGENCE, OR STRICT LIABILITY.
Product Selection and Use	Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the 3M product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property.
