On Implant Abutments	++	++	++	-	-

++ Highly recommended* + Recommended - Not indicated

* Either better performance for this indication or easier handling with equal performance.

Note: The cement selection recommendations in this guide list the key indications for a particular cement, and are intended as a general guide only. 3M™ RelyX™ Brand Cements are highly versatile products that can be used for multiple indications. Your selection is dependent on individual patient circumstances and your preferred procedural techniques.
