

Filtek™

Bulk Fill
Flowable Restorative

The bulk fill flowable that's easier to inject.

3M™ Filtek™ Bulk Fill Flowable Restorative is available in a new ergonomic syringe designed for improved comfort and easier injecting. This gives you more control and visibility for precise placement in deep restorations.

Reduce bubbles and waste

Virtually no bubbles or material "run-on" during dispensing gives you better control.

No more guessing

The green syringe barrel indicates the remaining material volume. When your syringe is empty, only the white plunger shows.

Easy to hold and inject

Triangle finger plate and plunger make it quick and easy to personalize your grip.

Bendable cannula

Easy-to-bend without kinking for better access.
