

Filtek™

**Supreme
Flowable Restorative**

**Here's a tip to virtually
eliminate bubbles**

Key features

- Virtually no bubbles or material “run-on”
- Easy-to-bend cannula improves access
- Ergonomic design is easy to hold and inject
- Excellent adaptation, polish retention and wear resistance
- Versatile for a wide range of techniques including injection molding

3M's popular flowable is made with TRUE nanotechnology. This patented technology makes the nanoparticles more uniform in size, resulting in excellent wear resistance and polished retention.

A shade-matched palette

3M™ Filtek™ Supreme Flowable Restorative shades are formulated to be an identical match to 3M™ Filtek™ Z350 XT Universal Restorative (A2, A3, OA3, A4).

Universal Restorative**

Warm with confidence

Why warm 3M Composites?

- Warmed composites are more fluid, for easier handling
- Warming may improve adaptation of 3M composite to tooth structure¹
- Warming lowers extrusion force²

Heating Lowers Flowable Syringe Extrusion Force by 46-52%

Get performance with peace of mind.

Physical Properties Unchanged:³

- Diametral tensile strength
- Flexural modulus
- Flexural strength
- Color stability
- Depth of cure

*Recommended heating temperature

¹ Based on a 3M sponsored in vitro study.

11 dentists placed 88 Class II MOD restorations. Teeth were microscopically examined for flaws, defects and voids. Comparisons made between techniques and operators.

² 3M Internal Data.

³ When warmed according to our IFU (up to 70°C or 158°F for up to 1 hour).

Tips for success

You can safely warm Filtek Restoratives in as little as 5 minutes! Follow these general guidelines, and refer to the instructions for use for more information.

DO

DO heat flowable syringes up to 70°C (158°F) for up to 1 hour, up to 25 times.

DO consult the Instructions for Use for more information.

DO only use commercially available composite warmer devices.

DON'T

Do **NOT** use heat from a light bulb, microwave, mug warmer or other unapproved heating devices. Consult the Instructions for Use for more information.
