**Respiratory hoods
and headcovers. Versatile,
comfortable protection.**

3M™ Versaflo™ S-Series Hoods and Headcovers for Powered Air Respirators.

Soft headcovers doesn't have to be a hard decision.

Lightweight, versatile and easy to maintain, 3M™ Versaflo™ S-Series headtops help protect your workers from a variety of contaminants while maintaining comfort.

Easy to see.

Provides a good field of view with reduced curvature to decrease reflections and glare.

Easy to replace or reuse.

Premium reusable options may be a cost effective alternative for high disposal rate environments.

Easy to adjust.

Premium suspension allows users to adjust airflow distribution to their liking, giving them control over their comfort.

Easy to use.

Independent crown and circumference adjustment for a comfortable custom fit for a wide range of head sizes.

Find the right option for your environment.

Whether you want the convenience of fully assembled Integrated Hoods and Headcovers or the cost-savings of Premium Reusable Suspension Hoods, you have a range of options for your comfort and protection with 3M™ Versaflo™ S-Series headtops.

Premium Reusable Suspension Hoods

Designed for comfort. Powered by innovation.

We developed the Versaflo™ Powered Air Respirator System and S-Series headtops to deliver the respiratory protection you need, with the comfort and ease you've been looking for.

Comfort

Powered air respirators may make hot environments more tolerable; the premium reusable suspension enhances airflow distribution with low noise for improved user comfort.

Ease

Easy to buy, easy to use, easy to maintain. S-Series headtops are specifically designed to work together with your Versaflo™ respiratory system.

Versatility

A variety of designs, fabrics and suspension types gives options for user comfort and cost effectiveness for a range of environments.

Choose from options designed to work for you.

3M™ Versaflo™ S-Series headtops offer a variety of options for faceseals, collars, shrouds, and suspensions, allowing you to choose the respiratory protection that provides the most value and comfort for your team.

Premium Head Suspension.

Reusable suspension hoods can be cost-effective in high disposal rate environments. By just replacing the hood fabric, the suspension and air ducting can be reused.

Rigid Ducting.

Provides a consistent air flow path.

Adjustable airflow.

Allows wearers to modify the direction of airflow distribution to their comfort.

Low airflow noise.

Low airflow noise for further comfort and worker acceptance.

Inner Shroud or Neck Collar?

Options are available with a choice of neck collars or inner shrouds to suit user preference.

Inner Shroud

Commonly used with coveralls or lab coats.

Inner shroud must be fully tucked into your work clothing.

May accommodate certain types of facial hair.

Neck Collar

A fabric collar sits comfortably around the user's neck.

No inner shroud means no tucking/untucking required during donning and doffing.

May accommodate certain types of facial hair.

Add value. Choose to customise.

Make 3M™ Versaflo™ S-Series your own with versatile accessories that can help you adapt the headtop to your particular environment.

Visor Protection.

Visor peel-offs can help extend the life of your visor and protect from contaminants and scratches. Choice of peel-off depends on which headtop is used.*

Breathing Tubes.

Deliver the powered airflow you need for your application through breathing tubes varying from light to heavy duty.

Breathing Tube	Description
 BT-20S	Short, lightweight breathing tube
 BT-20L	Long lightweight breathing tube
 BT-30	Length adjusting breathing tube
 BT-40	Heavy duty rubber breathing tube

Replacement Parts.

Easy to buy, easy to use, easy to maintain. Replacement fabric and comfort pads are available for the reusable suspension hoods.

Comfort Pad	Type
 S-953	Standard for Premium Reusable Suspension Hoods
 S-954	Size Reducing for Premium Reusable Suspension Hoods
 S-957S	Standard for Integrated Hoods and Headcovers (Small)
 S-957L	Standard for Integrated Hoods and Headcovers (Large)

Replacement Hoods	Type
 S-605-10	Neck Collar
 S-607-10	Inner Shroud
 S-707-10	
 S-805E	Neck Collar

*S-920S/L for use with S-100, S-300, S-400 and S-500 Series headtops; S-922 for use with S-600, S-700 and S-800 Series hoods.

Find the perfect system for your application.

We want every step of the process to be simple for you. Our Starter Kit bundles together turbos, batteries, belts and other common components, but allows you to choose the headtop and accessories right for your job.

For some of the most common applications, we've collected the most common components into convenient bundles.

Health Care

A wider field of view allows you to see more of your work as your patients see more of your face, while also accommodating stethoscope use.
