3M Solutions for Preparedness
& Disaster Response

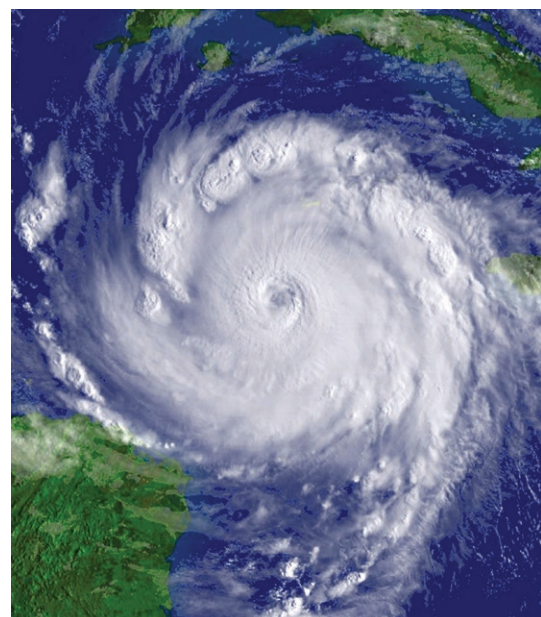

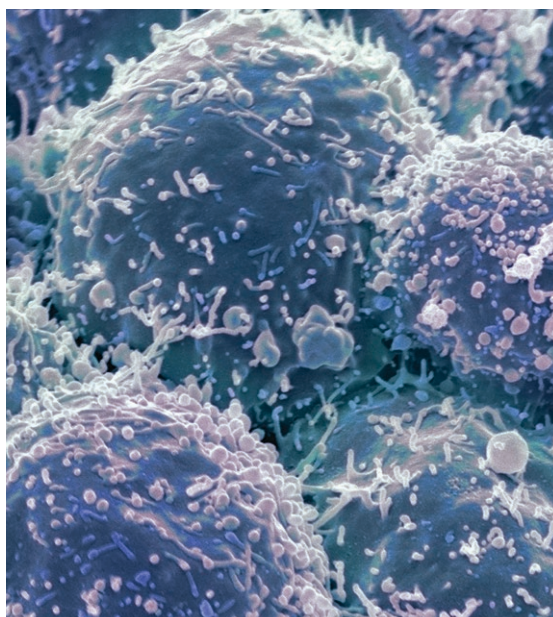

Always ready
to respond.

Be prepared to help protect those who
rely on you during unforeseen events.

March 2021

You already control what you can.

We can help you prepare for what you can't.

As we've all recently and collectively learned, an unexpected event can drastically change the way we do business. While it's not realistically possible to be prepared for all events at all times, it is possible to be as prepared as you can be if a natural disaster, terrorist attack or pandemic occurs.

One common thread of most events is an immediate need for personal protective equipment (PPE), medical supplies and cleaning products. As a global leader and supplier of these products, 3M is uniquely positioned to help you respond, recover and resume business when unexpected events happen.

**PPE | Medical | General Use Products | First Aid | Cleaning and Disinfecting
Facility Repurposing | Communications**

PPE

Make protecting people a priority.

Businesses can be rebuilt. Inventory can be replaced. People can't be. After almost every event there is an immediate need to protect responders, employees and the general population. With the broad spectrum of respiratory, head, face and eye protection products available from 3M, should the unexpected happen, you'll be prepared to respond quickly and efficiently with PPE you can trust.

PPE

3M™ Filtering Facepiece Respirators

7100232940

3M™ Aura™ Health Care Particulate Respirator and Surgical Mask 1870+, 440/Case

Key Features

- NIOSH approved N95 rating
- FDA cleared for use as a surgical mask
- Fluid resistant class 160 mmHg
- Flammability rating class I
- Adjustable nose clip
- 3-Panel, flat-fold style
- Stapled headbands
- Individually packed

7100235156

3M™ Aura™ Particulate Respirator 9205+, 440/Case

Key Features

Be ready to provide patient care.

Unfortunately, unforeseen events are often accompanied by a significant increase in patients requiring care. Having the right medical supplies on hand can make a big difference in your ability to provide care. Dressings, tapes, wraps and more from 3M can help you prepare to provide critical care with confidence.

Monitoring to help make sure it's clean.

The 3M™ Clean-Trace™ ATP Cleaning Monitoring System is a rapid cleaning efficacy monitoring tool that measures cleanliness of medical devices, endoscopes, and environmental surfaces. In just 30 seconds, the Clean-Trace System can quantify the cleanliness of a surface or lumen sample using Adenosine triphosphate (ATP) bioluminescence. With the integrated software, you can track your facility's data, generate reports, identify issues, and focus your process improvement efforts where they're needed most.

General Use Products

Dependable masks for everyday use.

3M™ Daily Face Masks are an affordable non-medical solution ideal for indoor and outdoor daily use. With two layers of lightweight cotton fabric, adjustable nose piece and ear loops, the mask can be adjusted to rest snugly against the nose and face for breathability and comfort.

- Bendable nose piece
- Adjustable, soft elastic ear loops
- Washable and reusable
- Resealable pouch

Important: As with any mask, if you have health conditions such as asthma, heart conditions or respiratory conditions, you must consult your health care provider (doctor) before use. This product is for adults only, consult product instructions before wearing.

The product has not been FDA cleared or approved.

The product has been authorized by FDA under an EUA for use as source control by the general public, as well as by HCP in healthcare settings, as to help prevent the spread of infection or illness during the COVID-19 pandemic. (source control)

This product is authorized only for the duration of the declaration that circumstances exist justifying the authorization of the emergency use of medical devices, including alternative products used as medical devices, during the COVID-19 outbreak, under section 564(b)(1) of the Act, 21 U.S.C. § 360bbb-3(b)(1) unless the authorization is terminated or revoked sooner.

**Provide first
aid without a
second thought.**

In the event of an incident that causes minor injuries, having the right supplies available can help provide immediate care and comfort. With high-quality bandages, wraps and more from 3M on hand, you'll be ready to respond to scrapes, aches and other minor injuries with ease.

Cleaning capability you can count on.

In times of medical emergencies, facility cleanliness moves to the top of the priorities list—even more so when repurposing non-medical alternate care sites. Protect the doctors, nurses, emergency personnel and others caring for patients in your facility with sorbents, cleaning equipment, disinfectants and more from 3M.

Respond, repurpose and recover.

Converting a space with a specific purpose to one that does something completely different isn't easy—but it is possible when you have the right solutions available. Reliable products from 3M can help you delineate spaces and walkways, protect surfaces, route cables and more—so you'll be ready if you need to temporarily transform any space in a crisis.
