

May 10, 2021

Dear Supplier,

3M continues to transform our company, focusing on improving speed and agility to enable both of our companies to enhance growth. As we communicated previously in our Enterprise Resource Planning (ERP) announcement, this notification is part of our effort to ensure you are ready to transact with us in new ways as we continue to deploy our new ERP.

We are implementing our ERP in the U.S. by location. Please note that in the U.S., you may continue to interact with 3M using both current and new ERP processes and tools.

**The ERP deployment for the locations listed below will take place in the Fourth Quarter of 2021.**

**3M Ames:**

900 Dayton Ave Ames, IA 50010-6407

**eCommerce**

If you have not already responded to the STP eCommerce team regarding your eCommerce tool, please respond to ensure timely access to new ERP purchase orders.

Please refer to [3M.com/SupplierDirect](https://www.3m.com/SupplierDirect) to review the **Supplier Toolkit** and additional information regarding deployed locations in the U.S.

We will communicate additional information as we progress toward the deployment. Please contact your 3M Sourcing Representative should you have any questions. Thank you for your support.

Sincerely,

A handwritten signature in black ink that reads "Debora Fronczak". The signature is written in a cursive style and is positioned above a thin horizontal line.

Debora Fronczak  
Vice President, Strategic Sourcing & Packaging Solutions
