

Introducing the new

3M™ Clean Sanding System and Random Orbital Sander

Designed with technicians and shop owners in mind.

New Zealand

Smarter. Faster. Cleaner.

A clean shop can mean less rework, better cycle times, and the peace of mind that you are doing what you can to improve the shop environment. For you, your technicians and your customers.

Proper surface preparation is the key to a quality repair, but it all starts with using the right abrasives and the right tool for the job.

When you prep vehicle surfaces day in and day out, you need a sander that helps you produce your finest finishes without grinding you down. The 3M™ Random Orbital Sander is an effective pneumatic DA sanding tool designed to help improve the performance of 3M™ Abrasives. The 3M™ Random Orbital Sander delivers quality, professional surface prep and finishing results.

New

3M™ Clean Sanding System

The 3M™ Clean Sanding System is a complete sanding solution for efficiently moving through your essential surface preparation and finishing work. The system includes our dust extractor, pneumatic random orbital sanders, mobile workstation, wide selection of quality abrasives, and personal protective equipment.

-  Designed to reduce dust in the air from sanding for a cleaner workspace.
-  Helps shops boost productivity and efficiency by helping to reduce rework and cleanup time.
-  Compact and mobile. Designed for easy, flexible use around the shop.
-  Compatible with pneumatic sanders.
-  Tech-friendly design including auto on/off, antistatic hose, rubber wheels, brake locks, and LED indicator lights.

New

3M™ Random Orbital Sander

The 3M™ Random Orbital Sander helps deliver high-quality surface preparation and finishing results with your 3M™ Abrasives.

Variable speed adjustment lets you adjust to your task

Multi-hole back up pad and shroud offer strong dust extraction when used with the 3M™ Clean Sanding System

Large variable speed lever and composite power lever with added wrist support are easy to see and use

Compatible with the 3M™ Clean Sanding System and other dust extraction systems and abrasives
