# Design for a new chapter.

## 3M's Surface Solutions

Create environments that are beautiful,  
functional and sustainable.

# A solution for every surface with 3M™ Films.

Design environments that reflect and shape the individual character of a space, inside and out, without the disruption of traditional construction. With 3M™ Films, you're specifying best-in-class quality and durable surface solutions that are on trend, customizable and budget-friendly. Whatever your challenge, we've got you covered.

## Where can I apply 3M™ Films?

3M's surface solutions bring together design, function and sustainability with customizable materials that you can apply both inside and outside of the building and across a variety of substrates.

- |           |           |            |           |              |                   |
|-----------|-----------|------------|-----------|--------------|-------------------|
| 1 Windows | 2 Facades | 3 Doors    | 4 Signage | 5 Glass      | 6 Beams / Columns |
| 7 Floors  | 8 Tables  | 9 Ceilings | 10 Walls  | 11 Built-ins |                   |

# Beauty that's more than skin deep.

Creating a new environment or refreshing an outdated space doesn't have to be complicated or expensive. 3M has solutions to help you transform a space without the cost, hassle and disruption of traditional construction, so you can easily bring your vision to life.

## Signature design without compromise.

### Design Flexibility

Select from 1,000+ unique finishes or create a completely customized design to meet your design needs.

### Cost-Effective

3M surface finishes are a cost-effective alternative to traditional construction materials, allowing you to leave your design signature on a project.

### Remodel and Reuse

By refreshing, rather than replacing, existing surfaces, you can help reduce landfill waste and obtain LEED credits — for beautiful designs you can feel good about.

### Quick Installation

Reimagine almost any surface with 3M™ Films installed quickly and easily by certified 3M installers, and create less downtime, noise and disruption for your clients.

### Easy to Clean and Maintain

You're designing for durability with surfaces that repair easily and stand up to commonly used cleaners without degradation.

### Meet Specifications

We test and achieve third-party certifications when a standard exists and is applicable to one of our products.

# New priorities. New materials.

3M's surface solutions are engineered leveraging 3M's tradition of innovation and technological know-how to create design excellence and respect environmental sustainability, globally.

## 3M™ DI-NOC™ Architectural Finishes

### Interior Series

Select designs that resemble natural materials to provide a clean, high-end look, or choose from a variety of patterns created in collaboration with leading designers from across the globe.

### Exterior Series

Simplify exterior renovations and achieve a whole new look with less labor, cost and waste than traditional construction.

### Whiteboard Series

Transform any wall, column, tabletop — virtually any surface — into writable surfaces for seamless collaboration.

### DI-NOC™ for Glass

Enhance interior glass surfaces with these lightweight finishes that have a clear, pressure-sensitive adhesive on the front surface of the film so the design can be seen through the glass.

## 3M™ Glass Finishes

### 3M™ FASARA™ Glass Finishes

Control both light and privacy through a building's interior glass, including the interior of an outside glass wall.

### 3M™ Crystal Dusted and Frosted Glass Finishes

Provide an extra level of detail and offer the designs of sandblasted (dusted) or etched (frosted) glass at a fraction of the cost.

### 3M™ Dichroic Glass Finishes

Create one-of-a-kind architectural masterpieces at a fraction of the cost of color-shifting glass.

### 3M™ Clear View Film

Create unique effects — one-way vision, transparent, dusted crystal and more. This product is the perfect canvas for glass, acrylic and polycarbonate applications.

## 3M™ Graphic Films

### Digital Print Films

Create stunning, picture perfect wall graphics and building wraps for almost any surface that are cost effective, durable and easy to install.

### Colored Films

Bring new life to your building's surfaces with a wide selection of standard colors. Colored films can be customized to achieve the exact color you're looking for or cut to create unique design or communication elements.

### Illuminated Films

Create experiential spaces by highlighting branding and communication elements in signage using illuminated films. These films have great design flexibility to achieve the desired color and appearance.

### Overlaminates

Protect and enhance graphics and wraps with overlaminates that take your designs to the next level.

## 3M™ Window Films

### Sun Control Window Film

Enhance performance without replacing windows, and increase efficiency, reduce cost and increase the comfort of occupants.

### Safety and Security Window Film

Fortify weak entry points and easily upgrade existing windows or glass to meet safety-glazing requirements at 1/3 the cost of a full replacement.
