

3M™ Adjustable Paint Masking Applicator

Tape quickly to your required
depth and along curves.

Masking to the right depth can mean the difference between a perfect paint job and one that needs rework. 3M™ Adjustable Paint Masking Applicator is a robust masking tape application tool used to apply Scotch® Fine Line and 3M™ High Performance tapes (up to 0.75 inch/19 mm) on complex surfaces, such as the roofline or rear hatch of a vehicle.

Designed especially for automotive original equipment manufacturers (OEMs), these applicators feature magnets for consistent guidance and an integrated cutter to help increase productivity.

Lightweight and ergonomic

These tools are lightweight, intuitive and easy to handle for precise masking.

Faster application

Magnets in the tape head keep the tool aligned, the thin tip profile slides easily behind doors, and the integrated cutter helps operators work quickly while maintaining quality.

Robust in a tough environment

Robust construction allows quick taping and reliable tape application, vehicle after vehicle.

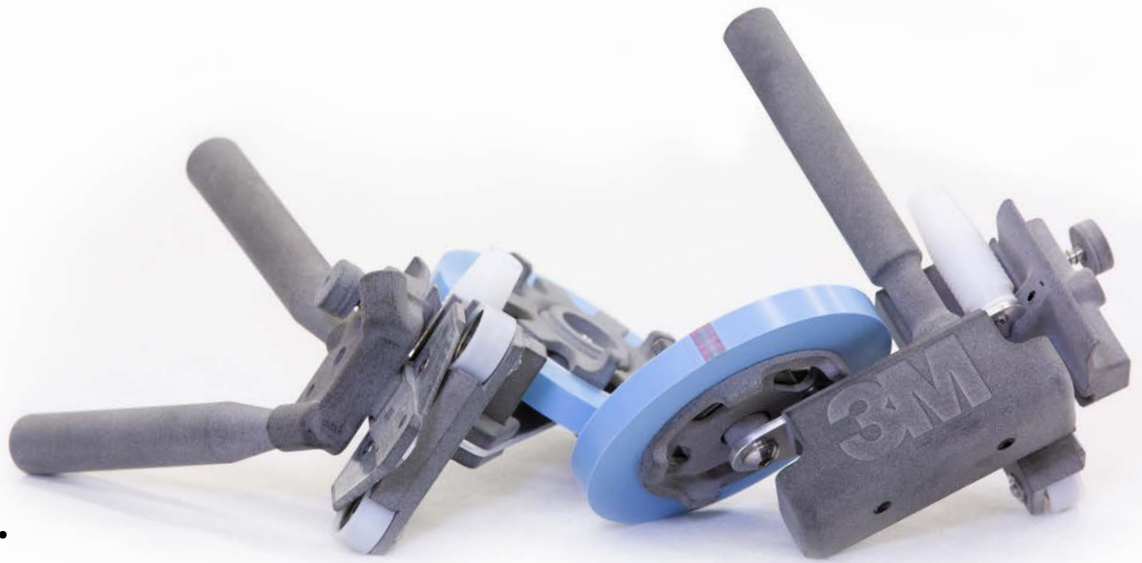

Precision on any line

Each tool has an interchangeable application tip which can also be adjusted on the tool so you're applying tape at the precise depth your design calls for.

Put the right tool in the correct hand.

“The right tool for the job” includes making the correct tool work without adopting an awkward stance, which can also save re-mask time and improve productivity. That’s why we make each of these tools available in right- and left-handed models so your workers can mask in the direction they’re most comfortable.

Product	Handedness	UPC#	Description
3M™ Adjustable Paint Masking Applicator, AC	Right-Handed	689330211319	Applies masking tape along the roofline from A to C pillar; can be used with door closed
	Left-Handed	689330211302	Applies masking tape along the roofline from A to C pillar; can be used with door closed
3M™ Adjustable Paint Masking Applicator, DD	Right-Handed	689330211814	Applies masking tape around the rear hatch between D pillars
	Left-Handed	689330211326	Applies masking tape around the rear hatch between D pillars
3M™ Adjustable Paint Masking Applicator, Replacement Part Kit	Either	7100265555	Includes 4 replacement tips along with 1 partial and 1 full cutter block

Product Selection and Use: Many factors beyond 3M’s control and uniquely within user’s knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for proper evaluation (including, but not limited to, fitness for purpose and suitability of application), selection, and use of 3M products. Safety products should always be selected and used in accordance with all applicable regulations and standards (e.g., OSHA, ANSI, and others), after conducting a proper hazard assessment. Failure to properly evaluate, select, and use a 3M product may result in injury, sickness, death, and/or harm to property. Dispose of used atomizing heads, residual paint/coatings, used containers/materials, and PPS in accordance with local regulations.

Warranty, Limited Remedy, and Disclaimer: Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M’s option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability: Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
