## Jaipal

### Senior Project Engineer

I design and install manufacturing equipment at 3M's site where we make masks and respirators to help protect people in many working environments, from hospitals to building sites.

Developing new processes to solve a problem, or make something more efficient, is both creative and challenging.

**Qualification Needed**

Bachelor's or Master's Degree in Engineering

How would you use data to prove you've fixed a problem?

*"In addition to my main role, I am the international chair for 3M Pride, leading popular activities such as the Rainbow Laces campaign and raising the Rainbow flag at 3M sites during Pride Month."*

**Years of Experience**

5+

**Managerial Team Size**

0

**Social Responsibility**

6

**Practical Skills**

20%

**Academic Skills**

80%
