

# CAREER CAPERS

## John

**Business Development Manager  
– Advanced Materials**

I use my mechanical engineering degree and industry experience when interacting with customers to provide technology solutions to their challenges.

My customer base includes those making aeroplanes, jet engines, rockets, satellites, racing and electric cars, submarines, offshore wind turbines and nuclear fusion reactors that create a mini sun on earth!

### Qualification Needed

Bachelor of Science Degree or Business-based qualification (ideally both)

*In life you can make money, make a difference, or do both. What would your preference be?*

**Years of Experience** 23

**Managerial Team Size** 0

**Social Responsibility** 9

**Practical Skills** 50%

**Academic Skills** 50%

*"I get to see the most amazing places, people and technology that transform our world! Seeing my company's solutions impacting space, the deepest oceans or an F1 race makes my past studies worth every second."*
