## Taryn

**Key Account Manager  
– Medical Technologies**

Working with designers and manufacturers of wearable medical devices such as vital-signs sensors and continuous glucose monitors, I ensure that the 3M adhesive tapes holding them in place best meet their technical and performance requirements.

I then ensure the timely and successful delivery of these adhesive solutions to the customer.

### Qualification Needed

Bachelor of Science Degree with Sales training and experience

*What problems might happen if you used the same adhesive to hold your eyelids closed during a short operation and to fix a monitoring device to your arm for a fortnight?*

**Years of Experience**

2+

**Managerial Team Size**

0

**Social Responsibility**

7

**Practical Skills**

30%

**Academic Skills**

70%

*"I love seeing medical devices that incorporate our products being brought to market and revolutionising global healthcare practices!"*
