

Product Description

Scotch-Brite™ Red Floor Pad is a premium quality floor maintenance pad. It's made of high-quality synthetic fiber, in an open textured non-woven construction. Polishing particles are dispersed throughout the thickness and bonded with a durable adhesive. Each floor pad has a pre-cut center hole.

Applications

Scotch-Brite™ Red Floor Pad should be used for routine spray cleaning with standard or high-speed floor machines (150 - 400 RPM).

It will clean and increase shine on most surfaces.

Scotch-Brite™ Red floor pad can be also used wet for routine cleaning under scrubber dryer.

Features and Benefits

- Designed for cleaning and spray cleaning operations
- Open web construction to collect soil from floors
- Fine fiber mix for effective removal of marks and fast polishing action on floors
- Flexible pad for easier washing after use
- Consistent performance
- Durable pad at work when cleaned carefully after use
- Limited removal of floor finish

Standard Size

Circular discs are available in a variety of common sizes.

Packaging and Marking

Each carton shall be labeled to identify the contents by product name, size, quantity, and manufacturer. Each pad shall be printed with black "Scotch-Brite" logo.

Characteristics

The values displayed are the results of illustrative lab test measures and shall not be considered as a commitment from 3M.

Characteristics	Value
Fiber type	Polyester
Weight	1420 g/m ²
Outer diameter dimensions	Designated Size ± 1.6 mm
Thickness	Approximately 28 mm
Aggressiveness	Schiefer value = 0.1 g
Color	Red
Packaging Recycle Content	50 – 100% recycled content

Directions for Use

Spray Cleaning

1. Install a clean floor pad under the machine pad holder.
2. Dust mop entire floor area if necessary.
3. Spray cleaning chemical moderately on a section of floor.
4. Clean and buff the floor with 4 to 6 passes.
5. Proceed to next section of floor.
6. Dust mop entire floor area if necessary.
Remove and wash after use.
7. Proceed to next section of floor.
8. Dust mop entire floor area if necessary.
Remove and wash after use.

Directions for Use

Cleaning under Scrubber-dryer

1. Install a clean floor pad under the machine pad holder.
2. Clean the floor on a regular basis with 1 or 2 passes.

Remove and wash after use.

Maintenance of Pad

1. Remove disc from machine after each use.
2. Rinse wash under tap water or keep pads soaked in detergent solution before re-use. Avoid dirty pads to dry before washing.
3. Rinse and hang up for drying.

Note: Machine-washed floor pads (maximum 40°C) may shrink about 20 mm after first washing cycle.

Performance Advantages

Durability: about 20,000 m² under auto scrubbing machines, when properly maintained.

Storage

Storage conditions: +4°C to +40°C, out of sunlight, original container in a clean and dry indoor area.

Origin

Made in Thailand, in a 3M plant, ISO 9001:2015 and ISO 14001:2015 certified plant.

Health and Safety

When handling any chemical products, read the manufacturer's container labels and the Safety Data Sheets (SDS) for important health, safety, and environmental information.

[Follow the link to obtain SDS sheets for 3M products on 3M.com/SDS.](#)
