

**3M** Science.  
Applied to Life.™

**General use disinfectant on non-porous substrates for commercial buildings, industrial and health care settings\*.**

## **3M™ C. Diff Disinfectant Solution Tablets**

The proven, safer alternative to bleach and peracetic acid disinfectants. Kills C. Diff spores and SARS-CoV-2 virus (the cause of COVID-19) in 5 minutes.

\* In health care settings excluding medical devices.

\*\* Refer to product bulletin for a list of microorganisms this product is effective against and complete directions **for use**.

# Creating a safer environment.

When it comes to the well-being of your guests, visitors, patients and staff, you can't take chances. Make sure you're using the safer sporicidal disinfectant — 3M™ C. Diff Disinfectant Solution Tablets.

## Product Benefits

- ▶ 3M™ C. Diff Disinfectant Solution Tablets are specially formulated to give safe and easy-to-prepare disinfecting solution without the need for a chemical dispenser.
- ▶ For general use in commercial buildings, industrial as well as hospitals\*, clinics, laboratories and all establishments that require regular infection control.
- ▶ Helps infection control by quickly acting against a wide spectrum of micro-organisms, such as Viruses incl. SARS-CoV-2 (the cause of COVID-19), Bacteria, Yeast, Mycobacteria, Clostridium difficile spores and Fungi.
- ▶ Suitable for use on hard, non-porous surfaces.
- ▶ Safer than bleach and peracetic acid.
- ▶ Costs significantly less than ready-to-use bleach.
- ▶ Sustainability benefit as shipping 1 kg of tablets instead of an equivalent 300 kg of liquid solution, positively impacts the logistic weight and improves Carbon Footprint. See our C. Diff sustainability leaflet for more details.
- ▶ Manufactured to Quality Control standards including Good Manufacturing Practice (GMP) and certified to ISO9001 & ISO13485 Quality Standards.

\* In health care settings excluding medical devices

## Product Features

- ▶ Dissolvable tablet format comes in two sizes for use in large and small containers.
- ▶ Kills C. Diff spores and SARS-CoV-2 virus (the cause of COVID-19) in 5 minutes at 1000 ppm under clean conditions.
- ▶ In accordance with EN14476, the disinfectant solution has virucidal activity when used as a surface disinfectant. Product is used at 1000 ppm -5000 ppm, with a contact time of 5-15 minutes, depending on microbes.
- ▶ Dissolves in approximately 3 minutes. Easy to use, with a mild chlorine smell.
- ▶ pH of use solution: 5 to 6 is closer to neutral than bleach or peracetic acid.
- ▶ Highly versatile — use with mop, cloth, sponge, brush, wipe, foaming equipment or sprayer. Will not bind to common wiping media.
- ▶ 3-year shelf life in loose containers; 7-day shelf life when diluted and stored in a closed container.
