

September 6, 2022

Dear Supplier,

3M continues to transform our company, focusing on improving speed and agility to enable both of our companies to enhance growth. We are committed to keeping you informed regarding our ERP deployments to ensure success as we continue our implementation. To that end, we are informing you that the 3M facility located in Charlotte, NC will not be moving to the ERP on February 1, 2023, as previously announced.

We will continue to communicate additional information as we progress the deployment of our sites. In preparation, please refer to [3M.com/supplier](https://www.3m.com/supplier) to review the Supplier Toolkit and eCommerce requirements to assist in your readiness.

Please contact your 3M Sourcing Representative should you have any questions. Thank you for your support.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rhondia Turano'.
