

The hero of hygiene monitoring.

3M™ Clean-Trace™ Luminometer

The updated 3M Clean-Trace Luminometer features improved ease of use, faster time to result and simple, one-handed operation. The ergonomic design makes testing simple, helping to reduce user fatigue. And with enhanced performance and breakthrough technology, you get results you can count on.

Ready when you are.

3M™ Clean-Trace™ Luminometer

Easy to use

- Easy-to-learn user interface features intuitive navigation/screen menus
- Simple, one-handed operation allows multitasking
- User-friendly touchscreen
- Ergonomic design allows for one-handed operation regardless of hand size
- Color display is easy to read
- Sample plans are easy to follow
- Photos can be easily downloaded to appear on the luminometer

Robust hardware

- Stands up to harsh manufacturing environments
- Durable, impact-resistant casing
- Capless design for easy access and accurate results
- Flip-out foot allows device to stand upright

Accurate data, trusted results

- Self-diagnostic check on start-up
- Faster time to results for increased efficiency
- Allows entry of additional pre-op test data including visual inspection
