Choose winning combinations and streamline your abrasive process today.

Winning combinations bring together our best abrasive technologies to help you succeed from start to finish. The abrasive pairing recommendations come straight from our technical application engineers, who have hands on experience and a deep understanding of what it takes to succeed in abrasive processing. Whether you're looking to improve your workflow, reduce waste, or increase worker comfort, we've got you covered.

# Experience the benefits of cutting-edge technology and industry expertise with our winning combinations.

Unlock the full potential of your industrial processes with our abrasive winning combinations. By combining our premium abrasives, you could achieve more with less time and effort, helping you increase productivity and efficiency.

“With winning combinations, we’ve combined the best of our abrasive technologies to help you succeed in every step of your abrasive process.”

Eric Askeland,  
3M Application  
Engineer

## 3M technologies paired for industrial work.

### 3M Precision-Shaped Grain (PSG)

Innovative slicing action helps deliver cooler, faster cut at any grinding pressure. The PSG will fracture when blunt creating a new sharp cutting point for super-long abrasive life. Sharp cutting helps get the job done faster, reducing exposure to hand-arm vibration. Swarf stays airborne for less time, minimizing airborne particles exposure of the operator.

Industrial Abrasives

### Scotch-Brite™ Nonwoven Technology

Spring-like action helps product conform to the substrate, creating uniform and predictable outcomes. New abrasive material is exposed as you work so you can keep producing consistent finishes. Nonwoven abrasives resist loading due to their open web construction. This reduces the risk of part discoloration and warping, improves finish and prolongs product life.

**Product Selection and Use:** Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property. **Disclaimer:** 3M industrial and occupational products are intended, labeled, and packaged for sale to trained industrial and occupational customers for workplace use. Unless specifically stated otherwise on the applicable product packaging or literature, these products are not intended, labeled, or packaged for sale to or use by consumers (e.g., for home, personal, primary or secondary school, recreational/sporting, or other uses not described in the applicable product packaging or literature), and must be selected and used in compliance with applicable health and safety regulations and standards (e.g., U.S. OSHA, ANSI), as well as all product literature, user instructions, warnings, and other limitations, and the user must take any action required under any recall, field action or other product use notice. Misuse of 3M industrial and occupational products may result in injury, sickness, death, or property damage. For help with product selection and use, consult your on-site safety professional, industrial hygienist, or other subject matter expert. For additional product information, visit [www.3M.com](http://www.3M.com). **Warranty and Limited Remedy:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
