

**3M™**

# Green Corps™ Cut-off Wheels

## Advanced Features

- 2 X Performance
- No Burnt marks
- Smooth Cut
- Straight Cut
- Optimum output Stainless Steel
- EN Standard

**NEW**

**2X**  
Performance

## A CUT ABOVE THE REST

Optimize your cutting solutions  
with **NEW 3M™ Green Corps™**

3M™ Green Corps™ Cut-off Wheels are designed with special WA for long life and cost effective. This means fewer wheel changes and more finished parts per wheel.

More Cuts

Higher  
Saving  
\$\$

Less  
Waste

Finish  
Your Job  
Faster

### IDEAL FOR INDUSTRIES SUCH AS:

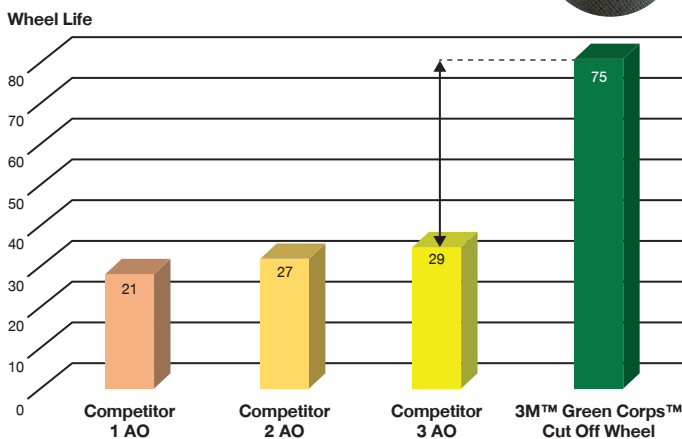

- General metal fabrication
- Structural steel
- Oil and gas infrastructure
- Stainless steel fabrication
- Shipbuilding
- Rail
- Tank and vessel

# 3M™ Green Corps™ Cut-off Wheel Type 41

Diameter x Thickness x Arbor Hole (mm)	Max. RPM	Quantity (Inner/Case)
107 x 1.2 x 16	15,300	50/400

## 4" CUT OFF WHEEL COMPARISON

Internal 3M testing on 304L stainless steel sheet (11 gauge) using a 13 amp electric tool. Wheels are tested to end of life.

- Use high RPM tool to optimize performance
- Thickness optimizes cut rate and longer life, providing consistent cuts until end of life

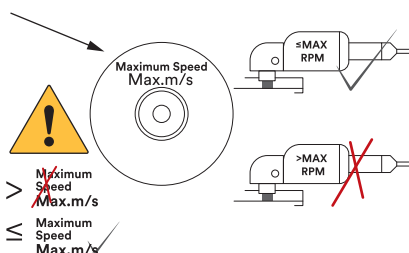

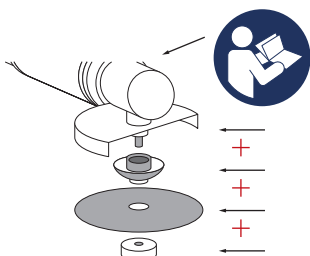

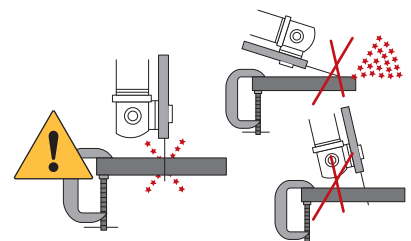

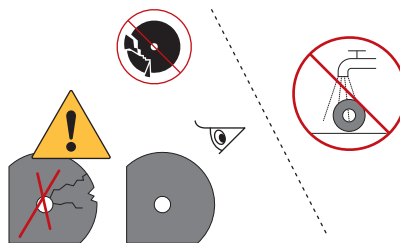

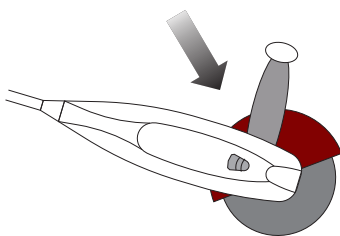

Optimized for use on carbon steel  
and stainless steel.

## SAFETY INSTRUCTION

Complies with European Safety Standard EN 12413
